### [2017-20 Plan Summary](#)

#### THE STORY

Briefly describe the students and community and how the LEA serves them.

The mission and vision of East Nicolaus High School is to promote positive self-esteem, strong work ethics, and an education that enables all students to reach their highest levels of achievement to become exemplary citizens with life-long respect for learning, democratic values, and an understanding of world-wide diversity in order to meet future challenges.

East Nicolaus Joint Union High School District (ENHS) was established in 1924. The district is rural in character and the economy is agricultural with three major rivers bordering and crossing it. It is comprised of approximately 150 square miles in south Sutter County and is located approximately twenty miles north of Sacramento and twenty miles south of Yuba City, east of Highways 99 and 70. The district hosts one campus, a comprehensive high school (ENHS). The present ENHS campus was built in 1974. Three separate feeder school districts (Browns, Marcum Illinois, and Pleasant Grove) contribute to the make-up of the high school population. ENHS also attracts students from nine different school districts as inter-district applications and the school of choice protocol.

Through partnerships with families and communities, ENHS provides academic excellence through 21<sup>st</sup> Century learning skills; a safe and small school environment; school pride and tradition; extra-curricular opportunities; and fostering of leadership for students.

Currently, the enrollment for 2016-17 is 302. Our ethnicity of students for this year is 67% White; 23% Hispanic; 3% Asian; 1% African American; 0% Filipino; and 2% Multiple. 2% declined to state.

## **LCAP HIGHLIGHTS**

Identify and briefly summarize the key features of this year's LCAP.

Suspensions: Equity with regard to suspensions. Last year our low socioeconomic students and our white students were being suspended at higher rate than other significant subgroups.

Math: Last year's Math scores saw big gains last year with +**19.4** points from the previous year. This is great news and should be celebrated.

ELA: ELA should be celebrated too because last year's test shows that they received a ranking of "Standard Met

Graduation Rate: We can continue to celebrate our graduation rate as we are having a graduation rate of **96.2%** and even increased it by .02 %

## **REVIEW OF PERFORMANCE**

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA proudest of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

NOTE: A new feature this year is the California School Dashboard ([www.caschooldashboard.org](http://www.caschooldashboard.org)). It is an online tool designed to help communities across the state access important information about K-12 districts and schools. The Dashboard features easy-to-read reports on multiple measures of school success. The Dashboard is just one step in a series of major shifts in public education, changes that have raised the bar for student learning, transformed testing, and increased the focus on equity. To help you better understand the new language of accountability; please visit the above website for more information about the performance categories.

## **GREATEST PROGRESS**

Over the years, we have been addressing the suspension rate for our Hispanic students. The suspension rate for our Hispanic students has always been higher than our white group and socioeconomically disadvantaged. In the California Schools Dashboard, we achieved the highest (blue) category. We plan to maintain this success by implementing more of a Restorative discipline model in 2017-2018 school year. We will continue to educate and look at opportunities of training staff and students on Restorative Practices. In addition to Restorative Practices, we have also adopted a more comprehensive progressive discipline matrix that allows for more flexibility when dealing with suspension and discipline issues.

Another area of progress is the strong connection between students and teachers. Per stakeholder input on a WASC survey, 90% parents reported that ENHS students feel safe at school and are connected to their teachers. Over 50% feel that home to school communication was good. We plan to maintain this success by investing professional development around school climate and training in EQ Schools.

Progress is also evident in our graduation rate. The Dashboard indicates that the graduation rate is in the blue performance category. It indicates that our 96.2% is considered “very high” and we are maintaining at 0.2%. We plan to maintain this success by continuing our academic advising program, scholarship night, community FAFSA night where students and parents learn to fill out financial aid forms prior to senior year. This increases our graduation rate. In addition to educating students on grad requirements, the school is also looking at enhancing the instructional program to incorporate more professional development for teachers to assist with a-g requirements in both ELA and Math.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

The Academic Indicator for Math indicates that students in Grade 11 are performing at “standard not met”. The average student in Grade 11 at ENHS scored 54.4 points below level 3. Although this is an increase of 19.4 points, we are still not meeting the standard. We will continue to address this through collaboration and professional development. More specifically, the Math Department will incorporate formative assessments throughout the year to assess students for placement and interventions. The county will provide training on formative assessments and support the development of Math formative assessment.

The Academic Indicator for English Language Arts for Grade 11 indicates that the average student performs in the “standard met” category. The average student scored 17.2 points above level 3. Our concern is that this represents a decrease of 28 points. The steps to maintain the “standard met” and address the decrease are first and foremost the adoption of a new California standards-based ELA for Grades 9-12. The publisher is Houghton-Mifflin/Harcourt, *California Connections*. Professional development will be provided to support teachers to access the curriculum. The English Department will use formative assessments provided by the publisher,

**GREATEST  
NEEDS**

Although our Hispanic students showed progress with the suspension rate, per the Dashboard our suspension rate for all students is in the medium category 5.7%. This represents a significant increase of 3.1% from last year. However, our socioeconomically disadvantaged and our white groups are in the lowest (red) performance category. The steps to address this area are implementing a Restorative Justice Practices which incorporates a non-punitive consequence. Staffing and professional development will reflect this model.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

**PERFORMANCE GAPS**

There are currently no state indicators for which performance for any subgroup is two or more performance levels below “all students” performance.

However, local data indicates that school climate for a small school environment for both staff and students. Our suspension rate is indicative of this issue. We plan to create at least one survey per year to pinpoint the issue. We will also investigate LINK Crew; This creates the foundation of a positive school climate. It is a high school transition that welcomes freshman and trains mentors from the upper grades.

Local data is also needed for the instructional programs at ENHS. Currently, the only data is the CAASPP data. Teachers will be developing formative assessments to create another source for sound instructional decisions. We will also research develop a writing assessment for incoming freshman.

**INCREASED OR IMPROVED SERVICES**

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

**ANNUAL MEASURABLE OUTCOMES**

**EXPECTED**

- 1.1a. Maintain appropriately-assigned teachers.
- 1.1b. Maintain fewer than 2 non HQTs
- 1.2 Materials: Maintain 100% sufficiency with instructional materials.
- 1.3 Facilities: Work with DSA to create a DSA certified plan.

**ACTUAL**

- 1.1a. - Maintained appropriately-assigned teachers.
- 1.1b. - 1 teacher was not considered highly qualified. Teacher will not be returning in 2017/18.
- 1.2. - Maintained 100% sufficiency with instructional materials.

1.4 CA Standards: 100% of teachers will be trained in more depth in ELA/ELD, Mathematics, and NGSS.

1.5 Access: Maintain full access to broad course of study for all students.

1.6 Develop one additional STEM class.

Materials were purchased in the following areas: ELA/ELD and Math.

1.3 – DSA plan is not certified. However, ENHS is working with DSA on current projects for DSA approval.

1.4 - Four teachers received training in ELA/ELD, Mathematics and NGSS. In addition, one teacher and the Superintendent attended Kate Kinsella trainings throughout the year for *Integrated and Designated ELD*.

1.5 - ENHS continues to offer a broad course of study of for all students including adding the following classes for 2016-2017: Integrated Math II, III, Sustainable Ag, Int. Science I, Agriculture and Soil Chemistry, German III(H), German IV, ROP Floral Design, and Principles of Engineering. This is a total of 9 courses. Currently we have 5 AP courses

1.6 - One additional STEM Class, Project Lead the Way, was added

## ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

### ANALYSIS

The overall implementation of Goal One: Conditions of Learning was successful in several ways. The Kate Kinsella *Integrated and Designated ELD Institute* that Sutter County Office of Education put on was definitely a move in the right direction for our ELD instructor. The focus on adding more course offerings (including AP offerings) was also a highlight of Goal One including an addition of 9 A-G approved classes. ENHS course of study has expanded nicely. The overall implementation included adoption of an ELA textbook, *Connections*.  
Through the support of Sutter County Office of Education, ENHS is working towards a systematic way that teachers receive ongoing professional development throughout the year.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The effectiveness of Sutter County oversight for HQT has been crucial in our success in this area. We have brought on a third party facilities consultant to assist in maintaining or facilities appropriately while working towards DSA approved buildings.  
The criteria we use to measure our success are the CAASPP scores for ELA and Math. However, benchmark assessments aligned to CA state standards is needed. There is currently no local data available to provide this information for formative assessments.  
The actions related to "analyzing benchmark assessments and process" were not implemented this year. An area of growth in 2017-2018 for ENHS teachers is to look at implementing benchmark tests in all core subject areas. Currently, we are working with the SCSOS professional development coordinators to begin implementation of a solid assessment management system. Because we are a small, rural school, the traditional PLC model is difficult and less effective so instead we have incorporated SLT (School Leadership Team) in order to continue the conversation about benchmark assessments, and next year we will add a Curriculum and Instruction (C&I) site level team.  
With regard to "access to broad course of study," our Learning Director has made progress by ensuring that our classes are A-G approved. The majority of our classes are a-g approved.  
Although we were effective in professional development and purchase of the curriculum, the challenge is actually implementing the curriculum. Another challenge for the adoption of the ELA textbooks is staff buy-in for the need for standards-based instructional materials

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The budgeted expenditures for Goal 1 were \$21,370.00. The total estimated actuals were \$789,998.55. This makes a \$768,628.55 difference between what was budgeted and what was spent. This is due to ENHS becoming DSA compliant and finishing off on site projects. This is also due to the school having to return the DNC machine for the STEM class.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of the analysis off the LCFF Evaluation Rubrics, as applicable.

We have changed our direction with regard to developing STEM classes. Student enrollment was low, and other programs were being impacted by additional pathways; in short the addition of this pathway is not easy to incorporate into a school of ENHS size. We have decided to stop services in this area for the 2017-2018 school year.

GOAL 2

<b>Goal 2</b>	<p><b>2.0 Pupil Outcomes</b>  ENHS will increase A-G completer rate, course offerings, and increase passing rates for core subject areas; improve AP access and pass rates; provide additional professional development in California Standards and ELD to support an increase in EL student proficiency, increase access to STEM, 21<sup>st</sup> Century strategies, and address school climate in order to improve school culture.</p> <p>2.1 Maintain an Academic Performance Index (API) above 800.  2.2 Increase the number of English learners (ELs) that are proficient in the English language as per CELDT AMAO 1.  2.3 Ensure that EL students who meet requirements become reclassified.  2.4 Improve Advanced Placement (AP) access and increase the number of students that pass AP exams with a ‘3’ or higher.  2.5 Increase the number of students scoring “unconditionally exempt” on the Early Assessment Program (EAP) test.  2.6 Increase A-G course offering by one and increase the rate of A-G completers by 3% or maintain the state average.  2.7 Increase passing grades in core subject classes.  2.8 Increase access to 21<sup>st</sup> century technology to access best instructional strategies.  2.9 Use interim assessments (ICAs), based on publisher, to determine student goals in English and math classes.  2.10 Increase from 14/15 baseline scores in ELA/ELD.  2.11 Increase from 14/15 baseline scores in Math.</p>

ANNUAL MEASURABLE OUTCOMES

EXPECTED

ACTUAL

- 2.1 Review internal assessments while the API is recalculated to ensure pupil growth.
- 2.2 Increase English learner proficiency by 10% (1 student) – AMAO 1.
- 2.3 Reclassify one student this year using triangulated evidence including the CELDT scores.
- 2.4 Increase student enrollment in AP courses by 3% and increase student pass rate (3 or higher) by at least 3% in each area.
- 2.5 Increase Exempt and Conditionally Exempt by 3% on the EAP.
- 2.6 Increase A-G course offerings by one course.
- 2.7 Increase passing grades of students by 3% in core subject areas.
- 2.8 Maintain ongoing professional development during PD and early release to train teachers.
- 2.9 Select pre, post and interim ICA's for English and Math and administer to all students.
- 2.10 Create a baseline score for ELA/ELD. SBAC
- 2.11 Create a baseline score for Math. SBAC

2.1 - Benchmark assessments were not developed in 2016-17. The API is no longer valid and was replaced with multiple measures via the CA Schools Dashboard.

2.2 - English learner proficiency rate did not increase

2.3 - 0 (zero) students were reclassified using triangulated evidence including CELDT scores.

2.4 - AP enrollment decreased by 12 students. Student pass rate (3 or higher) has declined by 2.5 %.

2.5 - There was a decrease of 2% of students who were conditionally exempt. 2 % of students were exempt. This represents an increase I ELA and a decrease in math.

2.6 - AP offerings were increased. Nine additional courses of study for 2016-17 were added: Integrated Math II, III, Sustainable Agriculture, Integrated Science I, Agriculture and Soil Chemistry, German III Honors, German IV, ROP Floral Design, and Principles of Engineering

2.7 - 4% of students showed an increase in passing grades

2.8 - Staff PD was offered on 10/2/16, 1/11/17, 2/1/17, 3/1/17, and 4/15/17. Two full days of professional development prior to the beginning of school year (8/10/17 and 8/11/17) were provided to review test scores, WASC, and other important information.

SCSOS Professional Development Coordinators provided regular training on goal setting and performance gaps at monthly staff meetings. Several teachers attended trainings regarding AP, ELD, Athletics/P.E., technology, business services, etc. SCSOS worked with us on (.5)10-17-2016 (Mindset/CAASPP); (1 hour) 1-11-2017(Goal setting/program identification); (1.5 hours)1-23-1017 (Program Analysis with staff); (2hours) 3-6-2017 (CAASPP Support for Admin); (2 hours) 3-22-2017 (CAST Day 1 Support); and (1 hour) 8-29-2017 (CAASPP Day 1 Support)

2.9 - Pre, post, and interim ICA's for English and Math were not administered.

2.10 - The baseline for the ELA SBAC scores for 2016-17 - 55% of

students scored at the Standard Met or Exceeded Table 1 below.

2.11 - The baseline for the Math SBAC scores for 2016-17 - 29 % of students scored at the Standard Met or Exceeded Level. See Table 2 below.

## ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of Goal 2 was successful in the area of technology. ENHS added two new Chromebook carts and hired an additional consultant to reconfigure our servers and begin professional development with our teachers.

The focus on adding more course offerings (including AP offerings) was also a highlight of Goal with an addition of 9 A-G approved classes, ENHS course of study has expanded nicely.

Through the support of Sutter County Office of Education, ENHS is working towards a systematic way that teachers receive ongoing professional development throughout the year.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

With regard to "access to broad course of study," our Learning Director has made progress in a big way by ensuring that our classes are A-G approved.

An area of growth for ENHS teachers is to look at benchmark tests in all core subject areas. Currently we are working with Kristi and Jill from the county office to begin implementation of a solid assessment management system. Because we are a small school, the traditional PLC's are difficult to find effective. ENHS has incorporated SLT (School Leadership Team) in order to continue the conversation about benchmark assessments.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

With regard to 2.7 "Increase RTI course sections, including providing a professional development for teachers for strategies to support struggling students." There was \$12,901.80 left over in this expected expenditures that were redirected to site needs.

There was no projected budget for goal 2.4 "Work with Learning Director to create an outreach plan to improve access and knowledge of AP courses. Work with AP teachers to assess areas for additional growth;" however, the site spent \$3, 143.56 on improving AP course instruction and growth.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

2.1 We will eliminate this action 1 since the API is no longer a measure and has been replaced by the new accountability system.

2.2 We will continue to monitor the number of ELs who are proficient in the English language. The new test will be the ELPAC (English Learner Proficiency Assessment for California)

2.3 We will continue to re-evaluate the reclassification policy with the ELPAC (replacement for CELDT).

2.4 This will be slightly modified to: More students taking AP classes will take the AP Exam.

2.5 Delete

2.6 Delete

2.7 This action will be slightly modified to read; Reduce the number of F's that students get at ENHS

2.8 This action will be the same

2.9 This action will be slightly modified to read: Staff will use local formative and summative assessments to guide instruction.

2.10 This action will slightly be modified to read: Increase baseline scores in ELA and Math from 2016-2017 to 2017-2018.

### GOAL 3

<b>Goal 3</b>	<p><b>3.0 Engagement</b> ENHS will increase parent involvement and pupil engagement by ensuring that school climate identifies all areas of academics and student success in order to decrease suspension rates and increase school perception.</p> <p>3.1 Ensure all students have an opportunity to arrive at school by school-provided transportation. 3.2 Ensure yearly a survey is administered (LCAP Survey) in order to gain insights into school perception and connectedness. 3.3 Provide opportunities for the families and students to provide feedback about student discipline and suspension. 3.4 Maintain expulsion rates and minimize suspension rates for all students 3.5 Develop a system that improves student engagement by addressing attendance, chronic absenteeism, high school drop, and graduation rates.</p>

### ANNUAL MEASURABLE OUTCOMES

#### EXPECTED

- 3.1 Maintain school to home transportation while decreasing cost to general fund by 3% yearly. Begin by creating a baseline cost.
- 3.2 Maintain administering the school-wide survey each spring.
- 3.3 Create a sub-committee to determine strategies to improve school connectedness.
- 3.4 Maintain less than one expulsion per year and identify current suspension rates (and reasons).
- 3.5 Develop a plan that addresses chronic absenteeism and attendance. Increase attendance rates for all groups with rates below 95% by .2% by reviewing Long Term Study district protocol.

#### ACTUAL

- 3.1 - Maintained Home to School Transportation. Baseline costs were identified which included Home to School Transportation costs only. Athletic programs began being charged for use of busses in 2016-17.
- 3.2 - Formal and informal surveys were conducted in the Spring of 2017. 40 responses were received out of 240 families. Efforts to increase the number of surveys being returned will be explored in 2017-18.
- 3.3 - Principal's Council was created to determine strategies to improve school connectedness. Committee consisted of the principal, vice principal, school counselor, and department heads.

3.4 - There were 0 expulsions. Suspensions increased to 3.4%. New administration, vision, and philosophy on discipline boundaries is the result of the increase.

3.5 - The SARB process has been established. Staff met with SCSOS staff to review the process. A Long Term Study of district protocol was not conducted.

ACTIONS / SERVICES

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

<p>Actions/Services</p>	<p><b>PLANNED</b> 3.1 Create a baseline for home to school transportation</p>	<p><b>ACTUAL</b> 3.1 – Transportation costs were separated between Home to School transportation costs and Transportation costs billed to the athletic programs. In 2015-16 total transportation costs (including athletic program costs) totaled \$191,004. In 2016-17 home to school transportation costs alone totaled \$154,547. This represents a decrease of \$36,456 since billing athletic programs for transportation.</p>
<p>Expenditures</p>	<p><b>BUDGETED</b> 3.1 \$160,000.00 supp con. function 3600</p>	<p><b>ESTIMATED ACTUAL</b> 3.1 - \$134,00.00-Supplemental</p>

Notification letters 1 and 2 were sent out. Staff members responsible for attendance and communication with parents have signed up for needed professional development to help advance their skills. The ENHS staff has begun to track students more closely at the site level. The Learning Director and the Assistant Principal met with students who are habitually truant throughout the year.</p>
Expenditures	<p><b>BUDGETED</b> 3.5 No Cost</p>	<p><b>ESTIMATED ACTUAL</b> 3.5 - No cost</p>

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The actions and services did not fully implement the goal. It does not address the climate and culture at ENHS, or the needs of students and staff. The actions and services address the details but not the overall plan. The overall effectiveness of the actions and services to achieve the articulated goal was a step in the right direction; a more comprehensive vision is needed.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Overall, the effectiveness of student engagement was a step in the right direction for ENHS. Many parents expressed positive feedback about the increased number of questions on this year’s annual survey; they also appreciated the style and selection of questions. In addition to the parents appreciating this year’s survey, teachers were also impressed with the teacher survey they received in December. They expressed that they liked that the survey was anonymous and asked “real” questions.

With regard to involvement and insights from the community, faculty meetings, Principal’s Council, School Site Council, Boosters, and WASC are all consensus building groups that help to shed light and inform the school about the needs of the community.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The budgeted expense was the total cost of transportation above the base of \$47,500. In 16-17 \$160,000.00 was budgeted. Our expense was \$134,000 above the base. This represents a decrease since we are billing our sports programs and we had a reduction in special education transportation.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

A change to implement a program that meets the needs of our unduplicated students aka “first kids” involves convening a stakeholder group consisting of the principal, assistant principal, learning director, psychologist, special education staff and department chairs. This stakeholder group will address the needs of the first kids academically and socially.

An analysis of the LCFF Evaluation Rubric reveals that the suspension rate for “all students” is in the orange (needs improvement) performance category. Both our socioeconomically disadvantaged and our white subpopulations are in the lowest red performance category.

In terms of the goals here are the changes:

- 3.1 This action will be eliminated.
- 3.2 Maintain administering formal and informal stakeholder surveys during the school year.
- 3.3 Action will be modified to “work with outside consulting to improve school climate”. We will maintain a contract throughout the 2017-18 year.
- 3.4 This action will be incorporated into our metrics in the CA Schools Dashboard. Both expulsions and suspensions are addressed in the Dashboard. We will continue to monitor throughout the year.
- 3.5 We will continue with the plan for the SARB process to address chronic absenteeism, chronic tardiness and attendance.

### INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

ENHS consulted informally and formally with teachers, parents, School Site Council and the ENHS Board of Trustees throughout the year to review and discuss the current LCAP mission and vision. Next year, the LEA will more formally review the plan. The District began the process of reviewing the Annual Update in October 2016 and gathering input from stakeholder groups in January; this process continued throughout the development of the LCAP. The following stakeholder meetings and surveys were used in the development of this document:

## IMPACT ON LCAP AND ANNUAL UPDATE

### How did these consultations impact the LCAP for the upcoming year?

In meeting with stakeholder groups, parents brought up several areas of need at the school, which helped guide the mission and vision of the 2017-2018 modified goals. Administrative, SSC, Principal's Council, Board, and LCAP Advisory Committee reviewed input from all stakeholders and help guide our goals for next year.

Specific actions to continue or include in our 17/18 goals:

1. Implement benchmark assessments in all core subject areas.
2. Provide high quality professional development to focus on CA ELA/ELD, Math, and NGSS frameworks, standards, materials, and assessments.
3. Professional development for staff on restorative practice
4. Review school climate and get assistance from outside services to assess the needs for students.
5. Ensure teacher are using state adopted materials and administering benchmark assessments
6. Begin creating frameworks and processes for absenteeism, intervention, and positive attendance programs.
7. Create a plan to continue to update and upgrade student and teacher technology.
8. Continue implementation of the CA ELA/ELD, Math, and NGSS standards and frameworks using aligned materials and assessments.
