By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

About This School

Josh Harris, Director of Special Education

Principal, Sutter County Special Education

About Our School

Welcome to Sutter County Special Education Department

As your Director of Special Education, it is my sincere pleasure to work with our dedicated staff, parents and community to help provide an excellent educational experience for our students. We are committed to ensuring that students receive the best support to learn and grow. In our department we have three Special Education Principals, a Coordinator and a Program Specialist who are a part of your supportive administrative team and are here to support students and families through their academic career.

Our department goal is to provide a nurturing environment that meets the individual needs of each student, academically, socially, and emotionally. Our student population are those that have significant needs and our Special Education program works as a multi-disciplinary team to support each student and provide each student services per their Individual Education Program (IEP). Each student has goals that are set for them individually by the IEP team, and our focus is to support students in providing the appropriate learning environment, curriculum, supports and modifications in order to help them be successful to make progress on their IEP goals.

Families, teachers, support staff, community members, and administration all play a part in helping our students be successful. Together, we can make a positive difference. A strong partnership between home and school fosters greater success for our children. We reach out to families on a regular basis, but also encourage parents to communicate with teachers and staff to foster a successful partnership.

We are excited for the opportunity to work with all of our students and will provide a safe and productive learning environment for all. I encourage families to call me to share ideas, concerns, or questions at anytime.

Sincerely,

Josh Harris,
Director, Special Education

School Description and Mission Statement (School Year 2021—2022)

Mission Statement: Working Together for Student Success

Vision Statement:

We believe...

- ...That all special education students can reach their highest possible standard of achievement
- ...That special education students can become contributing members of our community
- ...That special education programs will reflect only the finest in research-based practices
- ...That ongoing staff development will focus on the refinement on instructional practices that reflect the unique needs of our students
- ...That all special education activities will be meaningful, authentic, and engaging for our students
- ...That all Sutter County Special Educators will be a model of excellence in their field

The Special Education Department provides special education related services to the 12 school districts and 3 charter schools within Sutter County for students from age birth to 22 years. The Special Education department consists of approximately 170 staff members located throughout Sutter County who provide support to students and families. In addition to providing specialized academic instruction, speech and language, and school psychologist services to the eleven smaller districts of Sutter County, Sutter County also provides intensive Special Education support in a Special Day class setting in 32 classrooms on 17 different school sites throughout Sutter County. These classrooms are located on district school sites. These students require special education services in self-contained special day classrooms to support their unique needs. For ages Birth to three, services include the Infant Development Program that is provided within the home setting. For ages Preschool-age 22, Special Day classroom programs are provided for students with severe cognitive, physical and/or medical disabilities, students identified with behavioral needs, and students identified with Autism. Specialized services include the following: Speech and Language, Psychologist services, Nursing and Behavior.

The overarching goal of the Sutter County Special Education program is to assist students in finding success and meeting their individual academic, functional, life/work skills and social/emotional/behavior needs in order to provide them with the skills they need in order to be successful in the future. Each student's program is uniquely designed to meet his or her goals. Students are all working toward either a diploma or Certificate of Completion. If a student receives a diploma, this is given by the student's school of residence. Sutter County's Adult Transition Program is for students from their completion of high school program through age 22 and is focused on working with student's on their work and life transition goals.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- SARC Reporting in the 2020–2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

- Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:
 - Smarter Balanced ELA and mathematics summative assessments;
 - Other assessments meeting the SBE criteria; or
 - Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

- College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Percentage of Students Meeting or Exceeding the State Standard

| Subject | School 2019-2020 | School 2020-2021 | District 2019-2020 | District 2020-2021 | State 2019-2020 | State 2020-2021 |
|--|---------------------|---------------------|-----------------------|-----------------------|--------------------|--------------------|
| English Language Arts / Literacy (grades 3-8 and 11) | N/A | N/A | N/A | N/A | N/A | N/A |
| Mathematics (grades 3-8 and 11) | N/A | N/A | N/A | N/A | N/A | N/A |

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

Career Technical Education (CTE) Programs (School Year 2020—2021)

For students aged 16 and above, career education and transition goals are addressed through each student's individualized education plan (IEP.) Students served by SCSOS have the opportunity to participate in academic and Workability programs for the development of career readiness skills. In addition to academic and Workability programs, when appropriate, students participate in life skills programs that offer and support the development of appropriate work behaviors, functional daily living skills, communication skills, social-emotional skills, and career exploration.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2021-2022)

Each student in the Sutter County Superintendent of Schools' Special Education Programs is on an Individualized Education Program (IEP). The IEP process legally requires students and parents to actively participate in the educational process. Community Advisory Committee (CAC) is facilitated by the Sutter County SELPA to engage parents in the process of supporting students with disabilities in the community, as well as provide resources and information to parents and guardians. This group is comprised of parents, community members and school representatives. School events are also held where parents may become involved and participate.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

| Rate | School 2018-2019 | School 2020-2021 | District 2018-2019 | District 2020-2021 | State 2018-2019 | State 2020-2021 |
|-------------|---------------------|---------------------|-----------------------|-----------------------|--------------------|--------------------|
| Suspensions | 15.82% | | 16.36% | | 3.47% | |
| Expulsions | 0.00% | | 0.00% | | 0.08% | |

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Suspensions and Expulsions for School Year 2019—2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

| Rate | School 2019-2020 | District 2019-2020 | State 2019-2020 |
|-------------|---------------------|-----------------------|--------------------|
| Suspensions | 7.56% | 8.01% | 2.45% |
| Expulsions | 0.00% | 0.00% | 0.05% |

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to other year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to other school years.

School Safety Plan (School Year 2021-2022)

Sutter County Superintendent of Schools' (SCSOS) classrooms are guest tenants on multiple school campuses within the County of Sutter. Therefore, SCSOS staff and students adhere to host site safety plans. SCSOS does not participate in the development and review of safety plans for district schools where our programs are located; however, the SCSOS staff at each of these sites do participate in staff meetings with the host school that outlines the school site plan and procedures.

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
