BACKGROUND AND SUMMARY INFORMATION:

The Interim Final Requirements (IFR) issued by the California Department of Education (CDE) outlines several requirements for all LEAs that receive ESSER III funds, including that LEAs have in place a plan for ensuring safety during in-person instruction (either in-progress or planned) as well as ensuring continuity of services should the LEA or one or more of its schools be required to close temporarily for COVID-19-related public health reasons in the future. LEAs who had a plan in place by March 11, 2021, which incorporated opportunity for public comment and was posted publicly, have six months from the date their ESSER III Assurances were completed to update and revise the plans to meet those requirements. Examples of previous plans that may be allowable would be a completed Cal/OSHA or Assembly Bill 86 plan (COVID Safety Plan), as long as it meets the requirements previously stated. LEAs which did not have a statutorily compliant plan in place as of March 11, 2021, must create and post this plan within 30 days of completing their ESSER III Assurances.

SCSOS had a COVID Safety Plan in place prior to March 11 and has elected to make updates and align that plan with the Plan for Safe Return to In-Person Instruction and Continuity of Services Template. The updated plan and template will be submitted within the required 30 day timeline. The Plan is being presented tonight as an information item and opportunity for public comment prior to submission to CDE.

LEA Plan for Safe Return to In-Person Instruction and Continuity of Services

LEA Name: Sutter County Superintendent of Schools

The LEA will maintain the health and safety of students, educators, and other school and LEA staff, and the extent to which it has adopted policies, and a description of any such policies, on each of the CDC's safety recommendations, including:

☐ Universal and correct wearing of masks.

All staff and students will utilize face coverings as indicated by recommendations from the <u>Center for Disease Control</u>, the <u>California Department of Public Health Guidance for the Use of Face Coverings.</u>

Correct use of <u>well-fitting</u> face <u>masks</u> with proper filtration by all students, teachers, and staff will be required while indoors, by all people in school facilities, with certain exceptions for certain people, or for certain settings or activities, such as while eating or drinking. Masks will be required in all classroom and non-classroom settings, including hallways, school offices, restrooms, gyms, auditoriums, while on a school bus or in a school operated vehicle, etc..

In general, unvaccinated children and youth do not need to wear a mask outdoors, even if they cannot maintain physical distancing. However, per CDC recommendations, in areas of substantial to high transmission, people who are not fully vaccinated are encouraged to wear a mask in crowded outdoor settings or during activities that involve sustained close contact (including high-risk contact sports) with other people who are not fully vaccinated.

Non-restrictive alternatives to a face covering will be identified and implemented by agreement between the school health official and the parent/guardian. The schools have a supply of disposable face coverings for anyone who is unable to provide their own. Responses for failing to wear a cloth face covering include, providing disposable face covering or exclusion from campus. N95 masks are available when requested by an unvaccinated employee working indoors or in a vehicle.

Staff will be trained and students will be taught and frequently reminded of the proper use of face coverings, including proper use, removal and washing of face coverings and the importance of not touching their face and washing their hands frequently

Modifying facilities to allow for physical distancing (e.g., use of cohorts/ podding).

Cohort groups of students will include no more than 16 individuals (per Sept. 4, 2020 guidance) as practicable. To minimize the number of contacts and help students feel safe, as much as practicable, students will work with the same group of students each day of attendance (sometimes referred to as a "stable cohort" in the literature on health and safety). This grouping of students will be purposeful in that all students will share a credentialed teacher and not rotate unnecessarily between groups or classes.

Students will be kept 3 feet apart, as practicable.

6 feet of physical distance will be maintained between adults and between adults and students, as practicable, in the school building. Due to the needs of many SCSOS Special Education students, this is not possible in many cases. In those cases, appropriate PPE will be provided and used.

Screens are installed as practicable at all public contact points such as; office entry, reception desks, business counters, individual meeting/assessment rooms.

□ Handwashing and respiratory etiquette.

SCSOS has implemented routines for frequent hand sanitation focusing on COVID-19 prevention measures including after using restroom, before and after eating, when entering a classroom or office, after taking off or putting on their cloth face cover, after prolonged exposure to high touch area and before and after each task when preparing food in any class.

SCSOS has provided adequate supplies including soap, a way to dry hands, tissues, face masks (as feasible), and no-touch/foot-pedal trash cans. If soap and water are not readily available, schools can provide alcohol-based hand sanitizer that contains at least 60% alcohol (for staff and older children who can safely use hand sanitizer).

SCSOS is using video and print resources as instructional curriculum for students in handwashing and other hygiene practices. Due to the needs of some Special Education students, staff utilize social stories to teach hygiene, mask etiquette, etc.. Examples of resources include:

- Fight Germs! Wash Your Hands! CDC
- Wash Your Hands! | CDC
- How to Handrub | WHO
- How to Handwash | WHO
- Washing hands
- Avoiding contact with one's eyes, nose, and mouth
- Covering coughs and sneezes

☐ Cleaning and maintaining healthy facilities, including improving ventilation.

SCSOS implemented the following cleaning and disinfection measures for frequently touched surfaces:

- Custodial staff has the appropriate tools, equipment, supplies, and training to provide enhanced disinfecting of the facility.
- Steam shall be the primary solution for disinfection and sterilization due to the hazards and regulations concerning chemical use.
- When a chemical disinfectant must be used, we will follow the Department of Pesticide Regulations and Occupational Safety & Health Administration protocols.
- The school has identified and stocked cleaning products using the following guidelines:
 - Cleaning products should, when feasible, be from the Environmental Protection
 Agency (EPA)-approved list "N" approved for use against COVID-19
 - Following product instructions for use
 - Reducing the risk of asthma related to disinfecting, selecting disinfectant products, when feasible, on list N with asthma-safer ingredients (hydrogen peroxide, citric acid or lactic acid).

- Avoiding, when feasible, products that mix these ingredients with peroxyacetic (peracetic) acid, sodium hypochlorite (bleach) or quaternary ammonium compounds, which can cause asthma.
- Using, when feasible, disinfectants labeled to be effective against emerging viral pathogens, following label directions for appropriate dilution rates and contact times.
- Providing employees training on manufacturer's directions, on Cal/OSHA requirements for safe use and as required by the Healthy Schools Act, as applicable.
- Established a cleaning and disinfecting schedule in order to avoid both under- and over-use of cleaning products.
- Custodial staff has the proper protective equipment including gloves, eye protection, respiratory protection and other appropriate protective equipment as required by the product instructions
- FRA has all products kept out of children's reach and stored in a space with restricted access
- Areas used by any staff or student with temperature or symptoms will be closed off areas and not used before cleaning and disinfection.
 - To reduce risk of exposure, custodial staff will wait 24 hours before cleaning and disinfecting.
 - If it is not possible to wait 24 hours, staff will wait as long as feasible before cleaning and disinfecting

SCSOS maximizes, to the extent feasible, the quantity of outside air for our buildings with mechanical or natural ventilation systems by:

- Utilizing HVAC fresh air economizers, 7% fresh air
- Preventatively maintaining our HVAC system every three months, including coil cleaning and filter replacement.
- Ensuring HVAC units have the maximum filtration efficiency for the unit, as applicable, from MERV 9-13.

SCSOS has developed a survey to provide opportunities for employees to identify possible COVID-19 hazards and report those for evaluation and mitigation when necessary.

□ Contact tracing in combination with isolation and quarantine, in collaboration with the State, local, territorial, or Tribal health departments.

Fully vaccinated individuals need not quarantine. Unvaccinated individuals who are exposed to someone who is COVID-19 positive must quarantine for 10 days. Recommend testing 5-7 days from last exposure (but will not shorten 10-day exclusion if negative).

If a student or staff member tests positive for COVID-19, Table 2 from January 14, 2021 <u>CDPH</u>
<u>Reopening In-Person Instruction Framework and Public Health Guidance for K-12 School in</u>
<u>California</u> will be followed:

Unvaccinated Student or Staff with:	Action	Communication with School Community
COVID-19 symptoms (e.g., fever, cough, loss of taste or smell, difficulty breathing) Symptom screening: per CDC Symptom of COVID-19.	 Send home if at school. Recommend testing (If positive, see #3, if negative, see #4). School/classroom remain open. 	No action needed.
Close contact (†) with a confirmed COVID-19 case.	 Send home if at school. Exclude from school for 10 days from last exposure, per CDPH quarantine recommendations. Recommend testing 5-7 days from last exposure (but will not shorten 10-day exclusion if negative). School/classroom remain open. 	Consider school community notification of a known exposure. No action needed if exposure did not happen in school setting.

Confirmed COVID-19 case infection.

- Notify the LHD.
- Exclude from school for 10 days from symptom onset date or, if asymptomatic, for 10 days from specimen collection date.
- Identify school contacts (†), inform the LHD of identified contacts, and exclude contacts (possibly the entire stable group (††)) from school for 10 days after the last date the case was present at school while infectious.
- Recommend testing
 asymptomatic contacts 5-7 days
 from last exposure and
 immediate testing of
 symptomatic contacts (negative
 test results will not shorten
 10-day exclusion).
- Disinfection and cleaning of classroom and primary spaces where case spent significant time.
- School remains open.

- School community notification of a known case.
- Notification of persons with potential exposure if case was present in school while infectious

Symptomatic person tests negative or a healthcare provider has provided documentation that the symptoms are typical of

- May return to school after 24 hours have passed without fever and symptoms have started improving.
- School/classroom remain open.

 Consider school community notification if prior awareness of testing.

heir underlying chronic condition.	

SCSOS has designated a COVD-19 liaison, to act as the communication point for all COVID-19 concerns. This individual's responsibilities include:

- Managing and supporting contact tracing
- Notifying exposed persons
- · Creating and maintaining a database of exposed students and staff
- · Communicating with, and submitting lists of exposed students and staff to the local health department

☐ Diagnostic and screening testing.

Symptom and exposure screening will occur for students and staff at home each day before leaving for school.

- 1. Parents will be provided with the list of COVID-19 symptoms and instructed to keep their child at home if the child is feeling ill or has symptoms of COVID-19, even if symptoms are very mild, and to get their ill child tested for SARS-CoV2.
- 2. Staff members will be provided with the list of COVID-19 symptoms and be instructed to call in sick and stay home if having symptoms of COVID-19 and to get tested for SARS-CoV2.

Unvaccinated staff members who have symptoms of Coronavirus 2019 or who are direct contacts of someone with COVID-19 will be rapidly tested, as feasible, even if the individual is asymptomatic. Note: Indications from public health is that rapid testing may not always be possible or feasible due to conditions outside of the school's control.

- Staff member will be sent home if not already quarantined
- Individual will be directed to undergo testing through:
 - Their healthcare provider, or the County Health Department Testing Sites
- Staff member will be instructed to isolate for 14 days after symptom onset OR 7 days after resolution of symptoms, whichever is longer. (If never symptomatic, isolate for 14 days after a positive test.)
- School-based close contacts (staff and students) will be identified and instructed to test and quarantine for 14 days
 - o In stable elementary classroom cohorts: entire cohort
 - In other settings: use seating chart, consult with teacher/staff

Public Health Department will be notified

Should the state's mandate for testing differ from the testing procedures above, SCSOS will comply with state mandates where possible. SCSOS will adhere to state mandated asymptomatic testing cadences, as feasible. Current recommendation (not mandated)

☐ Efforts to provide vaccinations to school communities.

SCSOS has provided our school communities with information on how to receive free vaccinations. We disseminated information on vaccine clinics in our area and hosted a vaccination clinic on site in conjunction with the Sutter County Health Department. We will continue providing our school community with information on how they can receive vaccinations, such as communicating information from https://myturn.ca.gov/.

☐ Appropriate accommodations for children with disabilities with respect to health and safety policies.

SCSOS provides regionalized and centralized services for members of the Sutter County Special Education Local Plan Area (SELPA). As a SELPA provider, we collaborate with local education agencies to ensure that we are providing appropriate accommodations for children with disabilities with respect to health and safety policies. SCSOS follows the health and safety policies implemented by the LEAs we serve as well as health and safety policies developed internally for classrooms for students with disabilities. Individualized accommodations have been put into place for our students with disabilities to ensure access to their Education plan, and at the same time following health safety guidelines. Due to the severe needs of our students, there has to be flexibility in some of the areas of safety and hygiene due to their medical, sensory and cognitive needs.

☐ Coordination with State and local health officials.

The Sutter County Superintendent of Schools and senior management members met weekly with the Sutter County Health Officer for approximately a year to ensure SCSOS schools and programs acted in coordination with state and local health officials. Recently, the Sutter County Health Officer reduced the meeting frequency to bi-weekly and then ended regular meetings in June of 2021. However, the Sutter County Superintendent of Schools and key leaders from his office continue to have access to the local health officer and her office as needed to ensure continued coordination. SCSOS staff also monitor state communications and state level associations to assist with coordination.

□ Describe how the LEA will maintain, or continue to maintain, health and safety policies and procedures. Include a description of any adopted policies and procedures regarding the CDC's safety recommendations (or available LEA website links to such policies). Include descriptions of appropriate accommodations adopted and coordination efforts conducted with outside State and local health officials. Please include or describe current public health conditions, applicable State and local rules and restrictions, and other contemporaneous information that informs your decision-making process.

Health and safety policies and procedures were developed with local input based on guidance from CDC, CDPH, CDE, CalOSHA, and the local health officer. Where possible, model templates and rubrics were utilized to ensure best practices.

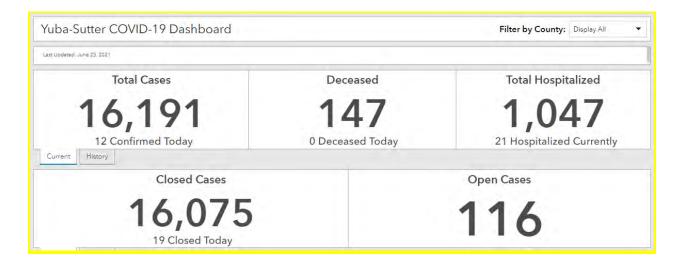

Plans, Policies, and Procedures developed were:

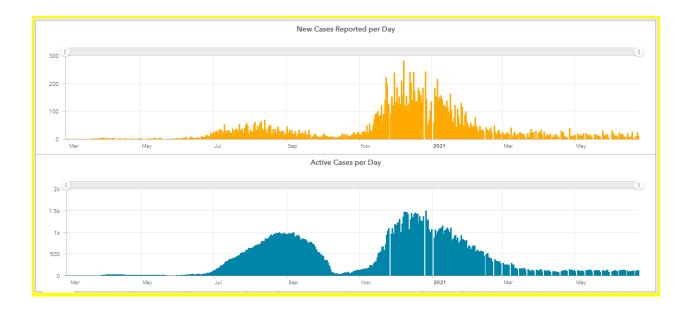

- COVID-19 Operations Written Report
- <u>COVID Safety Plan (CSP)</u>: which included the Cal/OSHA Prevention Plan (CPP) and the SCSOS COVID-19 School Guidance Checklist
- Feather River Academy Plan for Classroom-based Instructional Activities 2020-2021
- Feather River Academy Plan for Classroom-based Instructional Activities 2020-2021
- Distance Learning Guide for Itinerant and DIS Providers
- SCSOS Response Guide to a Confirmed or Suspected Case of COVID-19
- Learning Continuity and Attandenance Plan

Accomodations Provided Were:

- Working Remotely
- Distance Learning
- Independent Study
- Cohort support
- Counseling/Mental Health Support
- Food Services during school closures
- Opportunities for childcare

Current health conditions posted by our Local Health Department on June 24, 2021are:

☐ The LEA will ensure continuity of services, including but not limited to services to address students' academic needs and students' and staff social, emotional, mental health and other needs, which may include student health and foodservices.

Describe how the LEA will ensure continuity of services in case isolation, quarantine, or future school closures are required, including how the LEA will meet the needs of students with disabilities and English learners.

SCSOS Developed a <u>Learning Continuity Plan</u> to ensure continuity of services. Furthermore, SCSOS will follow the most current guidance from CDC, CDPH, CDE, and our local health officer to ensure continuity of services.

Current guidance dictates that students, teachers, and staff with positive test results will <u>isolate</u>, and <u>close contacts</u> will <u>quarantine</u>. SCSOS staff will report positive cases to the health department as soon as they are informed. School officials will notify families of close contacts as soon as possible after they are notified that someone in the school has tested positive (within the same school day as practicable).

If one or more Covid-19 cases at the school site:

- Students and staff in any affected cohort will switch to distance learning for 14 days
- School leadership will communicate directly with affected students and staff through email or telephone

 Possible shut down of the entire school if multiple cohorts are affected, with school leadership communicating with school community through social media, prior to any closings, and with any updates prior to re-opening.

If there are Covid-19 cases at multiple school sites in the county office of education, then continuation of measures from above, plus:

- Leadership may possibly close multiple school sites, or entire district as determined by community health needs
- Leadership will communicate with the FRA community through social media, prior to any closings, and with any updates prior to re-openings

During school closure, isolation or quarantine:

Social emotional and crisis counseling will be provided in-person or virtually as the conditions and guidance dictates. 1 - 1 counseling will continue either virtually or in an in-person setting with sneeze guards and appropriate PPE. Established group therapy will continue in the least restrictive environment allowable. Student well-being will be monitored by school staff and through the use of Kelvin Pulse Surveys where appropriate. SEL resources for <u>parents</u> and <u>students</u> are available on the SCSOS website.

Each **English Learner** will be assigned an instructional aide to provide additional support for all course work through weekly in-person or virtual meetings.

SCSOS **Special Education** DIS services will be provided via distance learning format as appropriate. Our program provides home based learning activities through a variety of avenues. We individualized our approach to our students and families during isolation, quarantine or school closures. Our Special Education team provides home learning through technology, packets of work, weekly Zoom meetings with students, phone calls and other creative avenues dependent on student need. We ensure that students have access to engage in distance learning by providing family tools such as Chromebooks, visual icons, manipulatives and paper/pencil. Our staff are in constant communication with families on a weekly basis and conduct IEP meetings virtually to provide families ongoing support through this process.

□ Continuity of services for Isolation

Students, teachers or staff with a positive test result will <u>isolate</u>. This involves staying home until 10 days since symptoms first appeared, 24 hours with no fever without fever-reducing medication and other symptoms are improving.

Continuity of services for students in isolation will be provided through independent study or distance learning protocol. Both include daily live interaction, as practicable based on the health and stamina of the student.

☐ Continuity of Services for quarantine

Students, teachers and staff who might have been exposed to COVID-19 will <u>quarantine</u>. This involves staying home for 14 days after the last contact with a person who has COVID-19.

Continuity of services for students in isolation will be provided through independent study or distance learning protocol. Both include daily live interaction, as practicable based on the health and stamina of the student.

☐ Continuity of services for school closure

Continuity of services for students during school closure will be provided through synchronous remote learning.

Feather River Academy students will be assigned a daily morning meeting with an Advisory Teacher. The primary purpose of Advisory being social emotional monitoring, school culture building activities and logistics/scheduling. Students will transition from Advisory to virtually attend two scheduled classes each day. Students will be assigned to the appropriate teacher based on course enrollment. Distance learning curriculum will be provided and managed through the online Edgenuity Courseware platform. Students have established logins to access the curriculum and personalized courses. Daily live interaction/instruction to support appropriate progress will take place through Zoom meetings, phone calls, emails and texting. All technology will be provided as needed. This includes chromebooks and hotspots.

☐ The LEA sought public comments in the development of its plan and took those comments into account in the development of its plan.

Describe the LEA's policy or practice that provided the public with an opportunity to provide comments and feedback and the collection process. Describe how any feedback was incorporated into the development of the plan.

The SCSOS COVID-10 Safety Plan (CSP) that was developed prior to March 11, 2021 was updated and re-formatted using this template and based on new information, new requirements, and new opportunities for stakeholders, including the public, to provide comments and feedback during meetings held on:

June 16 - 21: Solicit input for SCSOS Cabinet members

June 21-25: Solicit input from school staff at Feather River Academy, Pathways Charter Academy and Special Education

June 24: SCSOS Public Comment Meeting by ZOOM. Plan and Zoom link shared through email, webpage and social media on June 21

July 14, 2021- Public comment at Board Meeting

July 24, 2021: Safe Return to In-Person Instruction and Continuity of Services Plan posted to SCSOS Website

☐ Feedback incorporated into the plan:

An SCSOS employee said he thought we could remind people about how they can utilize the https://myturn.ca.gov/ website to get injections, so we included communicating reminders about the myturn.ca.gov website in this plan.

FMOF will update the section on *Cleaning and maintaining healthy facilities, including improving ventilation* based on June 2021 guidance.

CDPH/OSHA Webinar 6/23

- Updated: <u>Universal and correct wearing of masks</u> section are not required of students or staff while in an outdoor setting
- Updated: Fully Vaccinated individuals need not quarantine
- Symptom and exposure screening will occur for students and staff will occur at home each day before leaving for school.
- Modified the 3' requirement by removing the "when cohorting"
- Links to mask and hand washing/hygiene training material

SECTION 1: INTRODUCTION

The purpose of this Long Range Facilities Master Plan is to provide an assessment of existing facilities-related conditions within the SCSOS, a tool to identify future facility' needs, and provision of "suggested next steps" for the SCSOS to consider as it further refines its facilities implementation plan. This document could become a Board of Education policy to set the standard for current and future support of the SCSOS educational learning program.

To assist the SCSOS with developing the plan, the SCSOS commissioned the services of Eric Hall & Associates, LLC (EH&A).

Headquartered in Yuba City, Sutter County, California, the SCSOS has facilities in Sutter and Nevada Counties.

There are 12 school districts and 9 Charter Schools serving more than 20,000 students in grades PK-12 within this nearly 608 square mile suburban/rural County.

The purpose of this LRFMP is to identify the educational needs of the spaces at sites, evaluate student enrollment, calculate classroom utilization, assess facility conditions, identify improvements needed, and identify funding options and opportunities. This LRFMP includes:

- **↓** Identifying needs of spaces found at various sites;
- ♣ Assessing the Sutter County Superintendent of School's capacity for housing students;
- ♣ Determine repairs, modernizations, upgrades, and additions needed by school site, support facilities, and organization-wide operating facilities, to achieve the Sutter County Superintendent of Schools' goals;
- Identifying potential sources of funding for construction of facilities within the Sutter County Superintendent of Schools;
- Identifying activities to maximize potential funding;
- ♣ Developing a plan for periodically updating the Sutter County Superintendent of Schools' LRFMP;

This document will best serve the Sutter County Superintendent of Schools if it is regularly updated. It will provide a current identification of opportunities and challenges associated with changes in pupil enrollment, housing development, the condition of facilities, changes in technology, and the educational learning program.

Executive Summary

The Sutter County Superintendent of Schools, Mr. Tom Reusser, is striving to lead the SCSOS office in a direction that best serves students, Sutter County Districts, and the community. With a specific impression that education leads to opportunity, and opportunity looks different to each unique individual within the community, Mr. Reusser aspires to ensure that the SCSOS is positioned to help everyone grow and thrive in the direction that best suits their hopes and dreams. While maintaining a high priority in the k-12 education arena, Mr. Reusser has also prioritized adult education and regional occupation programs. A critical piece in this equation is determining at what capacity the SCSOS can fulfill this vision while limiting duplication of services for our regional partners. This Long Range Facility Master Plan has been initiated for the SCSOS Board of Education to assist in this endeavor.

A Long-Range Facility Master Plan (LRFMP) is an essential tool for reviewing facilities, determining recommended improvements, and exploring available resources. The LRFMP is also an important instrument to identify facility needs related to the educational program, calculate classroom capacity, assess facility conditions, identify improvements needed and identify funding options and opportunities.

The Sutter County Superintendent of Schools is to be commended for recognizing the importance of the teaching and learning environment and initiating this LRFMP as a part of their strategic goal of providing a safe and effective learning environment. This report provides a framework for the Sutter County Superintendent of Schools to focus on improving its existing facilities, developing a plan to prioritize facilities needs, and pursuing the financial resources to fund the priority improvements.

Highlights and summary of the LRFMP include:

- As a vital part of the process of creating an LRFMP, the Sutter County Superintendent of Schools, in consultation with Eric Hall and Associates (EH&A), conducted detailed site assessments to identify capital needs and other facilities requirements. As a result, site-specific and global needs that promote and align with the Sutter County Superintendent of Schools' vision and the Board's high priority goals are identified.
- ♣ Sutter Pointe's land-use plan offers over 3,600 acres of commercial and industrial employment uses, 2,900 acres for new homes (17,500 units), and 1,000 acres of parks, recreation, open space, and community facilities. The SCSOS is monitoring progress and preparing for a potential increase in students within the County.
- ♣ The One Stop and Adult Education have been integral to the SCSOS and the community for decades, adapting to provide much-needed services as the community evolves. As a result, the SCSOS is considering opportunities for growth in this arena.

- ♣ Using the Sutter County Superintendent of Schools "definition" of classrooms, the SCSOS has 51 instructional spaces, consisting of 38 permanent classrooms and 13 portable classrooms for k-12, Shady Creek, and Adult Education.
- Using the SCSOS "loading" (the number of students typically found in each classroom), the SCSOS can accommodate 1216 students in all of its classrooms presently (not accounting for COVID which is at 25% for pre-April 2021 6 foot standard, 12 at current standard). Thus, the loading reflects the capacity for both permanent and portable classrooms.
- ♣ The SCSOS has a vacant lot to the West of the SCSOS office. The SCSOS is considering constructing a new building on the lot as a regional education and conference center.
- ♣ The LRFMP identifies facility projects and improvements due to the age of facilities. Some projects are identified and described in the LRFMP. These projects include safety and security needs, upgraded support facilities, and upgraded instructional facilities.

Looking forward, EH&A recommends that the Sutter County Superintendent of Schools and Board:

- ♣ Finalize the list of facility improvements identified in the LRFMP based on SCSOS priorities and potential funding;
- ♣ Authorize the development of a capital implementation plan for facility projects, to include phasing of projects and develop a schedule of activities;
 - *Authorized on May 25, 2021, during the first LRFMP draft review Board workshop
- Periodically review and update enrollment projections, classroom inventories, administrative capacity, facility conditions, and funding options;
- ↓ Utilize the LRFMP to improve the learning and organizational environment and determine the direction for enhancing facility assets.

The Master Plan Development Process

Various techniques were utilized throughout the development of the LRFMP. Initiated in the mid-stage of the 2019-20 academic year, the LRFMP has suffered some delays in production due to COVID-19. Activities, techniques, and strategies that were employed during the completion of the plan are briefly summarized below:

- ♣ Interviews and teleconference meetings were conducted with the Superintendent, respective site administrators, and staff on a broad range of facilities-related topics and issues.
- Records research was conducted utilizing files and archives of the SCSOS, California Department of Education (CDE), the Division of the State Architect (DSA), and the Office of Public School Construction (OPSC).
- ♣ Google Earth and digital images were created and utilized to assess existing conditions and to document findings.

Facility Funding Alternatives

A great deal of time and effort has been invested in researching and identifying potential funding sources to address the financial requirements associated with projects.

The analysis identified that SCSOS received \$11,741,926 in State School Facility Program new construction funding since 2002 to construct Feather River Academy and additional classrooms at Riverbend Elementary and River Valley High School. The State funded 100% of the cost of these projects through the financial hardship program.

The SCSOS may have COVID Elementary and Secondary School Emergency Relief (ESSER) funds for reopening, a potential funding source for some facilities projects.

Recommendations/Next Steps

An integral component within the Master Plan is identifying recommendations and next steps to create a more fine-tuned facilities implementation plan – in essence, creating a series of action plans through which the SCSOS can address its identified needs. These recommendations/next steps are briefly listed below.

- ♣ Establish an optimal enrollment goal for each program within the SCSOS.

Long Range Facilities Master Plan

- May 2021
- Commence program planning for the SCSOS future modernization projects.
- Create a facilities steering committee that will, amongst other things, help to promote awareness of and support for facilities improvements throughout the SCSOS.
- ♣ Forward copies of the final/Board-adopted Master Plan to:
 - ❖ All sites within the SCSOS sphere of influence
 - ❖ Sutter County Department of Land Planning, California Government code 65352.2
 - Yuba City Department of Land Planning, California Government code 65352.2

Updating of the Long Range Facilities Master Plan

It is suggested the Board of Education require updating of the Long Range Facilities Master Plan aligned to the budget development for the incoming Fiscal Year. The update should offer current information about modern educational programs, existing facilities and maintenance activities, recommendations for short-term and long-term improvements, a projected schedule of activities, and updated funding options.

Board of Education

Mission

The mission of the Sutter County Superintendent of Schools Board is to do what is best for our students.

Sutter County Superintendent of Schools Priority #1: Doing What's Best for Kids.

The Sutter County Superintendent of Schools is dedicated to ALL students achieving academic excellence and becoming productive, responsible citizens in our ever-changing, diverse society. To this end, the Sutter County Superintendent of Schools values each parent as an involved partner in the mission and working together.

Vision

The Sutter County Superintendent of Schools Board, as a premier Board, provides a unified voice for students, staff, and community through the following:

- ♣ Support for county office programs and Sutter County Superintendent of Schools to ensure excellence in education;
- **♣** A system of checks and balances for budget;
- **↓** Local Control and Accountability Plan (LCAP);
- Adoption of courses of study;
- lacktriangle A plan for providing safe, state-of-the-art facilities.

Collective Commitments

The Sutter County Board of Education commits to:

- Act collectively and openly as a cohesive Board;
- **Be** informed by recommendations of the Superintendent and professional staff;
- **Advocate for students, staff, and community;**
- **♣** Be knowledgeable about California Constitution;
- **L** Ensure fiscal stability;
- Fulfill legal mandates; and
- Be visible in the community.

Goals

The Sutter County Board of Education has adopted the following goals aligned with our vision and mission:

- ♣ Remain current regarding knowledge of budget and programs through Board training sessions and annual reports from county office departments and programs;
- ♣ Gain a deeper understanding of the LCAP and its implications for students;
- ♣ Be visible in the community by providing student scholarships, attending programs, school events, and Sutter County Superintendent of Schools Board meetings;
- Promote the Sutter County Superintendent of Schools' mission and vision;
- ♣ Collaborate with the County Superintendent and approve a facilities plan in Spring of 2021; and
- Develop and update Board bylaws.

Roles of the Sutter County Board of Education

The Board of Education of the Sutter County Superintendent of Schools Office provides leadership to support the success of public education. Their responsibilities include assuring appropriate educational environments and curricula for students, approving the office's budget and acquisitions of real property, and determining the salary of the County Superintendent of Schools. Trustees serve as an appellate panel in areas such as denials of student inter-district transfers, expulsion appeals, and denials of charter school petitions. They also serve as the Sutter County Committee on School District Organization with approval authority in respect to all proposed changes of school district boundaries.

SECTION 2: NATURE OF THE SUTTER COUNTY SUPERINTENDENT OF SCHOOLS

Background

Located in North-Central California, Sutter County has 12 school districts and 9 charter schools. As of the 2020-21 census day, approximately 23,695 students were enrolled in Sutter County schools, including approximately 487 students served directly by the SCSOS. The Sutter County Superintendent of Schools is headquartered in Yuba City, with facilities throughout Sutter and Nevada Counties. The SCSOS offers many programs and services to the student and community populations throughout the region, including fiscal assistance and oversight, special and alternative education programs, Tri-County Career Technical & Induction programs, a Special Education Local Planning Area, curriculum, instruction, and assessment support and other roles.

According to a Fiscal Crisis & Management Assistance Team (FCMAT) report in 2017, the SCSOS works with the Superintendents of School Districts to provide services and support to all of the individual public and charter school districts within its boundaries. The County Superintendent is responsible for examining and approving School District budgets and expenditures. The passage of AB1200 gave County Superintendents additional powers to enforce sound budgeting and ensure the fiscal integrity of the Districts. While county offices historically received funding to offset the costs of services provided to small School Districts, with the passage of the Local Control Funding Act in 2013, these dollars are no longer broken out but are now included in the SCSOS's base funding model.

Alternative Education Programs

Tri-County ROP

Tri-County ROP will provide high-quality career training programs and services to its customers and shall remain committed to continuous improvement. Program completers will be qualified to assume entry level employment in the occupation for which trained and/or advance to higher level careers through postsecondary education.

Tri-County ROP has provided top quality career technical education programs for high school students and adults for over 40 years. The program provides these programs in Colusa, Sutter, and Yuba Counties. Courses offered by ROP cover career paths that integrate the 15 California State Board of Education approved Career Clusters:

Agriculture and Natural Resources
Arts, Media, and Entertainment
Building Trades and Construction
Education and Family Services
Engineering and Design
Finance and Business
Health Science and Medical Technology
Hospitality, Tourism and Recreation
Information Technology
Manufacturing and Product Development
Marketing, Sales and Service
Public Services
Transportation

Courses are open to students in 11th or 12th grade and live in a school district that participates in ROP. Students are eligible whether they are a regularly enrolled student or not. This includes adults, private school students, charter school students, students on independent study, and students with disabilities. Classes are held at high school campuses and other locations throughout the Tri-County area.

Adult Education

The purpose of the SCSOS Adult Education program is to assist students (16 1/2 years and older) to complete course work in preparation for passing the General Educational Development (GED) exam; the California High School Exit Examination (CAHSEE) or completing the requirements for a SCSOS High School diploma.

English as a Second Language (ESL) is also offered both during the day and evening hours. EL Civics Citizenship courses are provided as are Vocational English as a Second Language (VESL) classes for those limited English speakers who seek specific trade or skills language.

Career Technical Education (CTE) is in the process of being expanded in the Adult Education program. These CTE programs may be housed at the Sutter One Stop or other locations in the community.

Feather River Academy County Community School

Feather River Academy (FRA) provides students in grades nine through twelve with an alternate placement for academic success through an individualized approach, emphasis on core subjects, life-long social skills, access to community services for both student and families, and smaller class sizes. Students are provided with opportunities to learn academic skills and individual responsibility necessary for the adult work world.

Each student's educational program is individually assessed and prescribed. The community school course of study will be adopted by the County Board of Education and must enable students to continue academic work leading to the completion of a regular high school program. (Ed. Code, § 1983.)

Independent Study Program

The Independent Study Program (ISP) offers a personalized learning schedule for students enrolled in Feather River Academy. The program is suited for the student who works part-time, seeks an alternative educational program, is less distracted studying in a non-classroom environment, or has difficulty traveling to school to attend daily instruction. The ISP offers comparable curriculum and learning opportunities, as students would receive if participating in daily classroom attendance. Students are required to complete the graduation course requirements as outlined in the course of study and all mandated assessments including the California High School Exit Exam (CASHEE) commencing in 2006.

Pathways Charter Academy

Pathways Charter Academy provides an educational opportunity that offers California standards-aligned curriculum, individualized instruction through an independent study/personalized learning approach designed to maximize growth of all students, and a goal-oriented program of helping every student realize his or her potential. All students will complete a comprehensive intake assessment to create an individualized success plan that includes a rigorous individualized learning plan tailoring students' education to their personal needs, strengths, weaknesses, abilities, and interests. Social-emotional-behavioral supports, career exploration and preparation, and college attendance are strong components of our educational focus to make learning relative and meaningful.

As a County Community School, PCA serves pupils for whom the county office of education would otherwise be responsible for providing direct education and related services. This includes serving pupils based on parent request or referred by agencies. County Community Schools may enroll pupils whose school districts of attendance or, for pupils who do not have school districts of attendance, school districts of residence, have, at the request of the pupil's parent or guardian, approved the pupil's enrollment in a county community school.

Pupils in the core program may also be referred through SARB, Juvenile Probation, Expulsion, or otherwise be involved in the Juvenile Justice System. These pupils who do not need intensive services may be enrolled in our core program.

Special Education Programs

Special Education Services are provided using Special Day Classes (SDC), Resource Specialist Program (RSP), and supplemental services such as psychological, health, speech, adaptive PE, and occupational therapy. Classrooms are provided at District sites, for inclusivity with the general population.

Emotional Disturbance (ED)/Day Rehabilitation Program

The ED/Day Rehabilitation program is designed for special education students whose emotional/behavioral problems have adversely affected their academic development. Students are identified after accommodations and interventions have been tried in their home school with little or limited success. The program provides an intense therapeutic environment in an educational setting. Students are sometimes referred for services as a less restrictive alternative to residential placement or are transitioning back to the community from a residential placement. The ultimate goal of the ED/Day Rehabilitation program is the reintegration of the student into a less restrictive school setting. Efforts are made to transition the student back to their home school through integration in local school programs. All mainstreaming activities are planned and supervised to ensure as much success as possible. This transition helps the students to ease back into the school community while the program can still provide maximum support.

Self-contained Services - Non Categorical (SCS/NC)

The Self-contained Services - Non-categorical (SCS/NC) provides services to students who are identified through the individual education program (IEP) process as needing intensive structure and support. Students attending the self-contained services - non-categorical SCS/NC have one of the federal and State identified disabilities and the student's needs cannot be met in the school of

residence due to requiring more intense services.

Deaf/Hard of Hearing

The services of the D/HH program follow a total communication approach, which develops aural/oral skills in students. Other components of the D/HH program services include the following: a standards-based curriculum; opportunities for mainstreaming from kindergarten through high school; use of assistive technology; whole class speech and language services, as well as, individual speech and language services based upon the student's individual education program (IEP).

Tri-County Induction Program

(Formerly BTSA)

The Tri-County Induction Program is an accredited induction program that fulfills professional clear credential requirements for multiple and single subject, education specialist, career technical education, and administrative services credential holders. Utilizing a locally designed formative assessment system, credential candidates apply pre-service knowledge and experience with the assistance of a trained mentor. Based on the California Standards for the Teaching Profession (CSTP), support is specific, job-embedded, and evidence-based. The Induction Program partners with the candidates' school site leadership, district office leadership and county office leadership to provide a contextualized growth experience. We are committed to accelerating educator effectiveness to accelerate student learning.

Shady Creek Outdoor School and Conference Center

Shady Creek Outdoor School and Conference Center is a 132 acre property located in Nevada County. Shady Creek provides outdoor science aligned to State curriculum standards for students grade six through eight from schools throughout California and Oregon. Students reside at Shady Creek for their week of instruction, which lends to many learning and social opportunities that students would not typically acquire at a traditional school.

Sutter County One Stop

The Sutter County One Stop provides employment opportunities, services to job seekers, and training to build a quality workforce. Since 1984, One Stop has worked with local business to meet their hiring, training, and human resource assistance needs. One Stop continues to offer career exploration, job search assistance, on-the-job training, vocational training, and Adult Education. One Stop has been successful by building strong relationships with local businesses.

SECTION 3: EDUCATIONAL SPECIFICATIONS

Educational Programming

The Sutter County Superintendent of Schools LRFMP is broad in scope, and the formulation is a complex undertaking central to the planning process as a whole. The LRMP is formulated as a result of study and input from various groups of staff, parents, community members, and administrators. Task forces composed of teachers and administrators evaluate curriculum, develop changes and devise strategies for the smooth implementation of improvements. Staff and the various councils, committees, parents, and other groups also become involved in the planning process. The success of all subsequent planning is dependent upon the master plan accurately and thoroughly articulating the educational philosophy of the community, specifying the ways administration and staff will attempt to realize the educational program goals.

The SCSOS has made and continues to make concerted efforts to articulate the curriculum through cooperative efforts with the community it serves. Future educational planning must include the articulation theme to provide opportunities for continuous progress for students. EH&A highly recommends the development of an Educational Specification.

Professional Development

The Board and Superintendent place a high value on professional improvement and growth for all classification of employees. The staff development program is derived from the annually determined curriculum and instruction goals. Individual professional growth of all employees is strongly encouraged, and financial support is provided when appropriate. The SCSOS provides staff with opportunities to improve their knowledge and skills and participate in curriculum and instruction decision-making.

Performance Evaluation

Evaluation is an ongoing process for both programs and personnel with the ultimate purpose of improving the educational process. It is the means by which the performance of the school or a program in fulfilling its goals is assessed. The utilization of evaluation data as feedback and guide for improving the educational program is of utmost importance.

The SCSOS provides for the evaluation of student performance by means of the California Assessment Program, nationally standardized tests and locally designed instruments and assessment tools. Additional student assessment instruments are used for special circumstances and purposes.

The Educational Program and Facilities Planning

Educational Environment

Every facility the SCSOS operates is an educational environment created in part by the policies of local, State, and Federal agencies. Therefore, the planning of new schools needs to consider the impact of these policies.

- "No Child Left Behind" (NCLB) is the reform effort passed into law on January 8, 2002, and is built on four (4) principles: accountability for results, more choices for parents, greater local control and flexibility, and an emphasis on doing what works based on scientific research. NCLB measures student achievement (Adequate Yearly Progress) based on State adopted standards. Schools not hitting their annual targets are afforded the opportunity for assistance to improve student performance. Under the NCLB Act, the SCSOS is required to provide additional options to students who are attending schools not hitting their annual targets over successive years. These schools are designated as Program Improvement. The first option, Supplemental Education Services, allows parents to take advantage of outside educational contractors, such as Sylvan Learning Center. The second option, Choice Transfer, allows parents to request for their children to attend Non-Program Improvement schools in the SCSOS and be transported there using Title I funds.
- California State Standards: Working with No Child Left Behind, the State of
 California has established standards for student achievement in all basic subject areas.
 The State has mandated testing in these areas, and the results are used to determine if
 schools are making progress. As a result, state standards have become a focal point
 for the curriculum and the instructional program. Many classroom activities are
 designed to help students meet the California State Standards.

SECTION 4: DEMOGRAPHICS

Student Population

The preparation of a demographic study for the SCSOS assumes certain standards of measurement universal for all school systems within California and that have been codified in the Education Code. These standards provide guidelines for measuring school capacities and the projection of enrollment growth, as compared to the common standards that regulate all California schools, to be used in establishing a method of the measurement of the SCSOS.

In no way should this approach be construed as a recommendation that the SCSOS should apply, or not apply, for funding under any of the State School Facility building programs. Funding mechanisms and recommendations will be contained in a later section of this study. However, Section 5 does provide an analysis of actual school site capacities and projected enrollments and other related demographic data on which a finding of the condition of impact may be based. This basis may result from current or continued residential, commercial, or industrial development within the SCSOS or enrollment growth caused by demographic changes.

In November of 2020, the Sutter County Board of Supervisors voted to approve Phase 1 of Sutter Pointe. This project phase will envelop 386 acres and plans to include 3,388 single-family homes, 399 multifamily homes, and up to two K-8 schools. Housing construction is scheduled to begin in 2023.

In total, Sutter Pointe will be developed over the next 20-30 years with a total of 17,500 homes with an estimated population increase of 47,000-49,000. A development of this size will have an impact on the regional demographics. The SCSOS has been monitoring the progress of Sutter Pointe, and it continues to consider the implications in future planning.

Data Collection

Data for this Master Plan has been derived from several sources. These sources include the following:

Federal Census information of various types has been collected and is presented in numerous tables. It has been used as a supplement to SCSOS information and provides valuable background information about residents of Sutter County.

SECTION 5: CAPACITY ANALYSIS

Classroom Capacity Analysis

The objective of a school capacity analysis is to evaluate the current inventory and use of classroom spaces to guide the SCSOS in facility planning, student transfer policies, and program expansion. The study can also serve as a basis of state eligibility for school facility construction and modernization funding.

The capacity analysis can be the foundation for Board policy and administrative regulations. This analysis should assist the Board, Superintendent, and the programs in exploring solutions to provide effective and permanent space to optimize the learning environment. It can also be used to develop policies and regulations identifying optimal enrollment capacities at each school site. Factors such as programs offered, academic standards, school safety, configuration, and size of libraries, administrative, bathroom, physical education, and other support facilities should be considered in establishing school site capacities.

In developing the capacity analysis, classrooms were identified and loaded utilizing state standards. The capacity analysis counts all spaces that meet criteria pursuant to the California Department of Education (CDE) "Classroom Definition Policy" (March 19, 2009): larger than 700 square feet in size, built as a classroom, and used as a teaching station for the last five years. The capacity analysis for each school site is provided in Exhibit A.

Why calculate capacity? - to enroll the *correct* number of students in a school facility, or conversely, to plan a school facility that is the right size for its intended enrollment. School capacity is defined as the number of learners reasonably accommodated by a school, building, and site.

As a County Office of Education, the SCSOS provides a broad range of programs and services that extend well beyond what would be considered in a traditional capacity analysis of a School site or District. Thus, the SCSOS holds a high standard on facility capacities and conditions that would best serve students of all ages and needs; therefore, adult education classrooms, conference spaces, and parking are also considered within this LRFMP.

SCSOS K-12 Classroom Capacity Data, 2020-21

The following tables show a basic overview of the number of classrooms (permanent and relocatable structures) and the estimated capacity for each space.

Feather River Academy, Pathways Charter Academy, Shady Creek, and Adult Education are all located on SCSOS owned properties and currently provide dedicated instruction and services to the respective programs.

The remainder of the classrooms are located on School District sites and are provided by the SCSOS to the District to utilize at their discretion as part of the Special Education Local Plan Area (SELPA) facilities pool. The SCSOS is responsible for the deferred maintenance of these buildings. The day-to-day use and maintenance is the District's responsibility and is coordinated by the SELPA.

^{*}Capacity for k-12 CR determined at General Ed, 150 ft2 teaching space, 30 ft2 per student for k-12

Primarily the programs and services offered by the SCSOS are occupied with students referred by other Local Education Agencies (LEA) for specialized services that are inefficient for a single District to provide.

Special Education students may be served by the District or the SCSOS, dependent upon the need, and the coordination of these services is handled through the SELPA. In addition, Feather River Academy (FRA) and Pathways Charter Academy (PCA), as an alternative High School option, are specialized to meet more specific needs of the students.

Given the nature of referrals, enrollment projections have less weight in the facility capacity calculation than historical reference and trends. Based upon the historical enrollment data (on page 26), the SCSOS had experienced only slight variances in the overall enrollment for alternative and special education since 2005, when the SCSOS constructed FRA to increase capacity. The tables above verify that the SCSOS has plenty of accommodation for the programs with room for expansion. Therefore, it does not appear that the growth in Sutter Pointe will have a significant impact on capacity in the k-12 classrooms.

SCSOS Outdoor and Adult Ed Classroom Capacity and Enrollment Data Shady Creek

Shady Creek is a residential, outdoor education, and science school. Teachers and students from Counties throughout California and Oregon reside for the week, attending classes during the day and evening, and learning social and life skills when out of class. As a residential school, capacity analysis is approached relatively. The facility can house up to three hundred (300) residents, in multi-bunk rooms, with adults segregated from minors in living and restroom spaces. In addition, Shady Creek provides three meals a day to visiting teachers and students, with opportunities for students to volunteer and participate in food preparation and service with the nutrition staff.

As an outdoor school, most instruction is best performed outdoors; however, as school session is typically in rainy seasons, there are times when interior instructional spaces are necessary. Shady Creek has three interior "classroom" spaces, including the dining hall, allowing for up to one hundred students at a time in class. When outdoor class is unreasonable, Shady Creek adjusts the class schedule into a flexible, rotational routine, with students not attending class in a classroom studying in their respective cabins. Currently, this regimen is adequate but could be improved. The SCSOS has considered adding instruction space as well as additional adult restrooms to the site. EH&A recommends that the SCSOS continue to monitor and plan for when the facility improvements are feasible.

Since 1993 Adult Education (ADED) has provided High School Equivalency instruction and testing, English as a Second Language, supplemental math, English, and computer skills free of charge to the community. Over time, the program has adapted and grown to the community's needs, expanding programs, including integrating operations with the One-Stop. As a transitional program, where different groups in a master schedule utilize classrooms, capacity directly impacts the variety and number of services provided. Therefore, enrollment data aligns to classroom occupancy, which means a broader perspective is necessary to evaluate capacity.

Adult Education and the One-Stop, by their very nature, cater to a population more like a college. As a result, parking, restrooms, waiting rooms, and breakrooms become an integral part of the capacity analysis. Furthermore, the classroom curriculum and instruction are contingent upon ever-changing funding (such as grants) and the community needs. Therefore, adaptive, multi-use spaces are optimal for long-term planning and goals.

Originally housed at a property on Wilbur Avenue since 1988, the SCSOS relocated ADED and the One-Stop to newer, leased facilities located on the same block as the SCSOS offices in 2015. ADED expanded further and occupied a third SCSOS owned facility in 2018. Although these changes have improved conditions for the programs, the nature of the facilities (leased property, type of rooms, parking, etc.) hinders efficiency and growth.

Aligned to the Superintendent's vision, the SCSOS speculates facility and programmatic options to enhance ADED for the community. EH&A concurs with the SCSOS that a more sustainable solution would bolster these programs.

Amenities: Conference space, parking, and restrooms

Conference space is critical to operations for the SCSOS. Many programs that do not have dedicated instructional space, such as the Tri-County Teacher Induction Program (TCIP), utilize the conference rooms as make-shift classrooms, planning the operations around other program events, meetings, conferences, and public venues. Many of these events draw community members to the SCSOS facilities, filling parking lots and placing a high demand on restrooms.

The largest room at the SCSOS is Boyd Hall, a multi-purpose room at FRA. The room has a capacity for 245 occupants and cannot accommodate the entire staff of the SCSOS for the Superintendent's annual in-service meeting. According to James Peters, multiple attempts have been made to make the space more agreeable as a large venue room, including upgrades to acoustics, audio/visual systems, HVAC, and parking. However, feedback is that users continue to find the space to be awkward for large groups.

Parking is at a premium for the SCSOS, especially during regular business hours, when staff is also onsite. The table below demonstrates a basic comparison of available conference space versus available parking.

The SCSOS has adapted and adjusted in the past to make do with the accommodations available, including adding an overflow gravel parking lot on the vacant lot to the West of the SCSOS office. Still, conference room capacity and parking continue to be a hurdle.

SECTION 6: IMPLEMENTATION

Project Development

This LRFMP is a foundation and a reference to align priorities and actions. As a living document, the LRFMP should be reviewed and updated annually to assist in planning and budget development. Although the development of this plan is a significant undertaking, it is only a fraction of the work to come. Establishing timelines, funding sources, stakeholders, and project leads are the preliminary steps towards each goal. Additional resources to accomplish these steps are included within the Exhibits.

Potential Participation in the Calif. State School Facility Program

In November 1998, the Leroy F. Greene School Facilities Act of 1998 (SFP) was enacted by Senate Bill 50, replacing the Lease Purchase Program as the State's School Facility funding program. The SFP is a per-pupil grant program providing funding for new construction on a 50/50 State/Local basis and modernization on a 60/40 State/Local basis after establishing baseline eligibility. Baseline eligibility for new construction is the number of un-housed students projected in five years. Eligibility is established by completing State Allocation Board Forms. More information is included in Exhibit E.

The SCSOS can participate in the State School Facility Program (SFP) but <u>does not have eligibility</u> at this time.

Suggested Plan for Updating the School Facilitiess MasterPlan

The Board of Education may wish to direct staff to provide an annual update report during November or December of each year to provide:

- ♣ Updated information related to development activity occurring and planned within the SCSOS likely to impact the SCSOS facility-related needs.
- ♣ Updated recommendations for short-term and long-term facility-related improvements through-out the SCSOS.
- Updated recommendations relative to planning for new facilities.
- Updated recommendations relative to the utilization of available school facility funding options.

The Board of Education has invested a considerable amount of time, care, and resources towards completing this Long Range Facilities Master Plan. These commitments represent a significant investment by the Board toward responsible planning for the future facility needs for the SCSOS as they seek to provide the highest quality educational programs and instructional services for the SCSOS students. The policy statements that follow represent the Board's current policy positions on matters that pertain to school facility master planning.

The Board of Education recognizes the importance of long-range planning for school facilities to help meet the changing needs of students and programs served by SCSOS and help ensure that resources are allocated efficiently and effectively.

- ♣ To that end, the Board directs the Superintendent or designee to develop and maintain a master plan for SCSOS facilities.
- ♣ The plan shall describe the SCSOS anticipated short- and long-term facilities needs and priorities and shall be aligned with the SCSOS educational goals.
- ♣ The Superintendent or designee shall ensure that staff, parents/guardians, students, and business and community representatives are kept informed of the need for construction and modernization of facilities and the SCSOS plans for facilities.
- ♣ The Superintendent or designee may also establish a facilities committee that shall meet at regular intervals to give community members opportunities to provide input into the planning process.
- ♣ The committee may consult local governmental and State planning agencies to ensure compliance with local and State standards.
- At least 45 days prior to completion of any facilities plan that relates to the potential expansion of existing school sites or the necessity to acquire additional school sites, the Superintendent or designee shall notify and provide copies of the plan or any relevant and available information to the planning commission or agency of the city or County with land use jurisdiction within the SCSOS per Education Code Section 17213.
- ♣ If the city or county commission or agency requests a meeting, the Superintendent or designee shall meet with them within 15 days following the notification.
- ≠ Items that the parties may discuss at the meeting include, but are not limited to:
 - Methods of coordinating planning with proposed revitalization efforts and recreation and park programs,
 - o options for new school sites,
 - o Methods of maximizing the safety of persons traveling to and from the site,
 - o Opportunities for financial assistance.

SECTION 7 Facilities Assessment & Project Prioritization Process

The scope of services for the LRFMP includes a facility needs assessment to help identify priority projects at SCSOS school sites. EH&A worked closely with the Superintendent, Assistant Superintendent of Business Services, Director of Facilities, Maintenance, Operations, and Fleet, and leadership to conduct workshops, review documents, and interview staff.

Background

In preparation for an LRFMP, the SCSOS retained the services of SchoolDude and EMG Inspection Services to perform a full inspection, inventory, and analysis of each facility, including building components and equipment. Each location was thoroughly reviewed and assessed. The results were uploaded into Capitol Forecast Direct (CFD), a SchoolDude software product that tracks conditions and lifespans and provides predictive reporting for expenditure planning. The SCSOS continues to use this tool for short and long-term planning.

After reviewing the data available in CFD, EH&A held meetings with James, Peters, Director of Facilities, Maintenance, Operations and Fleet (FMOF), between March 2021 and May 2021. The goals and scope of the LRFMP, the condition of existing facilities, and the need for facility improvements were discussed and identified.

The facility evaluation process included meeting with stakeholders to ensure that the broader community's concerns were heard and considered and developing a strategy to prioritize which projects would be of most benefit to each campus and the SCSOS.

Process

EH&A reviewed many documents, including:

- Data provided by the FMOF
- ♣ School Dude Capital Forecast Direct

EH&A contacted the FMOF Director, James Peters, to obtain detailed information concerning the SCSOS needs for educational infrastructure and informational technology improvements.

Based on EH&A's review of documents and interviews, EH&A prepared Site Profile Sheets (Exhibit D) for all SCSOS support and campus-wide projects.

May 2021

Projects were prioritized and organized into the following categories:

- Health & Safety
- Classroom Modernization
- Support Facilities
- Conference facilities
- Parking
- Site Modernization
- Technology
- **♣** New Construction

Conclusion

Through the discussion, assessment, deliberation, and prioritization, twenty (20) SCSOS projects were identified. Cost estimates developed for the projects identified on the Site Profiles are preliminary, and the SCSOS priorities may shift once projects are priced for construction. In the absence of project funding, developing cost estimates and establishing an Initial Planning Budget should be considered the next step.

The Site Profile Sheets contained in Exhibit D within this document will continue to provide valuable information to the SCSOS as an assessment of funding sources is developed and should be used as a tool moving forward, with annual review, updates, and determinations.

EH&A did not find any critical maintenance or modernization need within the existing facilities. The SCSOS demonstrably understands the impact of facilities and maintenance on the educational environment and prioritizes preventive and routine maintenance equitably. The SCSOS is to be commended for its commitment to prioritizing the care and maintenance of the facilities.

State-wide Funding for the School Facility Program

Funding for projects approved in the SFP comes exclusively from statewide general obligation bonds approved by the voters of California. The first funding for the program was from Proposition 1A, approved in November 1998. That bond for \$9.2 billion contained \$6.7 billion for K-12 public school facilities.

The second funding for the program was from Proposition 47, approved in November 2002. It was a \$13.2 billion bond, the largest school bond in the history of the State. It contained \$11.4 billion for K-12 public school facilities.

In March 2004, a third bond was passed by California voters for another \$12.3 billion. Of the \$12.3 billion provided by Proposition 55, it contained \$10 billion for K-12 public school facilities. At this time funds remain for new construction projects.

In November 2006, an additional \$10.416 billion was passed by the voters. Of the \$10.416 billion provided by Proposition 1D, \$7.3 billion will be utilized by school SCSOS to address overcrowding, provide career technical education facilities, accommodate future enrollment growth, renovate, and modernize older school buildings and allow participation in community related joint-use projects.

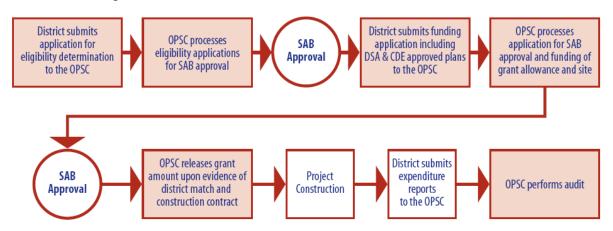

The School Facility Program (SFP) provides State funding assistance for two major types of facilities construction projects: new construction and modernization. The process for accessing the State assistance for this funding is divided into two steps: an application for eligibility and an application for funding.

Applications for eligibility are approved by the State Allocation Board (SAB) and this approval establishes that a school district or county office of education meets the criteria under law to receive assistance for new construction or modernization. Eligibility applications do not result in State funding. In order to receive the funding for an eligible project, the district representative must file a funding application with the Office of Public School Construction (OPSC) for approval by the SAB.

State School Building Funding Process

School Facilities Program (SB 50)

Note: Shading indicates OPSC processing.

Please note that throughout this section any references to "the school district" also refers to county offices of education, unless otherwise noted. An application for eligibility is the first step toward funding assistance through SFP. The process to establish eligibility for the school district (under new construction) or for a school site (under modernization) is required only once. Thereafter, the school district updates the eligibility information, as required to support new construction funding applications, or only for updates that will increase the school district's eligibility if applying for modernization funding.

After the application for eligibility is reviewed by OPSC, it is presented to SAB for approval. The SAB's action establishes that the school district has met the criteria outlined in law and regulation to receive state funding assistance for the construction of new facilities or the modernization of existing facilities.

The underlying concept behind eligibility for new construction is straightforward. A school district must demonstrate that existing seating capacity is insufficient to house the projected number of pupils by using either a five-year or a ten-year enrollment projection. Once the new construction eligibility is determined, a "baseline" is created that remains in place as the basis of all future applications. The baseline is adjusted for changes in enrollment, for facilities added, and may also be adjusted for other factors such as errors, omissions, or regulatory amendment changes to SFP. For a complete list of adjustments, refer to SFP Regulations, Section 1859.51.

Based on researching the Office of Public School Construction data and information available at the Project Tracking website, https://www.dgsapps.dgs.ca.gov/OPSC/PT/Pt/Default.aspx, it appears the SCSOS has benefited from participation in the program. The current status of State Bond

funds is that all funding from past bonds has been allocated and exhausted. However, the legislature has started processing legislation to place a new State School Facility Program Bond in the amount of \$12 billion on the ballot in November 2022. If the bond passes, SCSOS may establish new eligibility for future new construction and modernization projects at that time.

To: Sutter County Board of Supervisors

Re: Sutter County Investment Portfolio Report for April 30, 2021

Following is the Sutter County Investment Portfolio report as of April 30, 2021. The schedule includes all short-term, mid-term and long-term investments held at the conclusion of business on the final day of the month. The Sutter County Treasurer and Tax Collector is given authority over the pooled investment portfolio through Board delegation pursuant to Government Code §27000.1. Investment activities of the pooled treasury are governed by Government Code §53601 as incorporated in the Sutter County Investment Policy. Investment of the county's, school districts' and special district's surplus funds start with the objective of safety of the principle to minimize possibility losses. Following safety is the liquidity objective to provide coverage of day to day operations and to meet contingency as they arise. The final objective is earning a reasonable return or yield on the funds invested. The Sutter County Investment Policy may be found on the Treasurer's webpage at: https://www.suttercounty.org/assets/pdf/ttc/Investment_Policy_2021.pdf

As Treasurer and Tax Collector, I certify that this document reflects the government agencies' pooled investments and that all investments are in compliance with the County of Sutter Investment Policy.

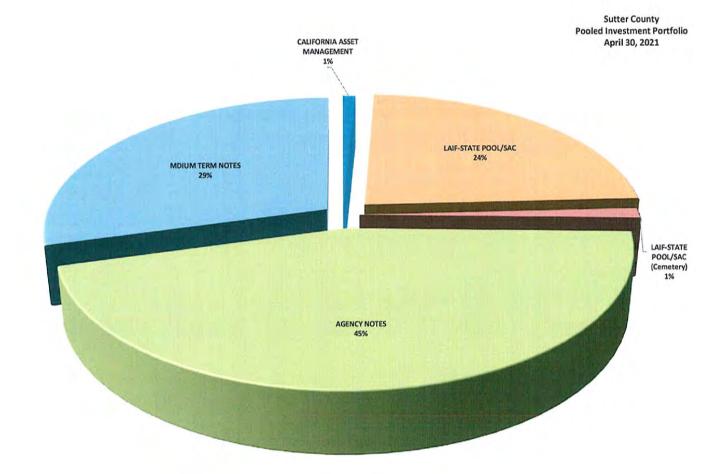

The combined cash and investments in the county treasury total \$295,962,270 and will provide sufficient cash flow liquidity to meet estimated pooled treasury expenditures for the next six months.

Invested treasury funds total \$286,692,047 with \$73,031,819 under the management of the Local Agency Investment Fund and California Asset Management Program. The Bank of New York, which provides third-party safekeeping services to Sutter County, provides market value data. The dollar-weighted average maturity of invested funds is 1,214 days.

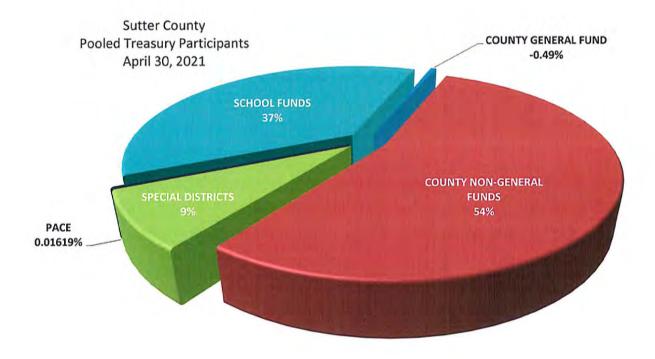

Investments are selected based on criteria contained in the Sutter County Investment Policy, which emphasizes safety, liquidity, yield and diversification. Therefore, the interest rates will fluctuate, and the types of investments will vary depending upon county needs and market availability on a particular day.

Respectfully submitted,

Christina N. Hernandez Acting Treasurer-Tax Collector

The Pooled Treasury is comprised of 345 separate funds representing the County's General Fund, County Non-General funds, special districts, school districts and funds collected and held for the various PACE programs that are authorized by the City of Yuba City.

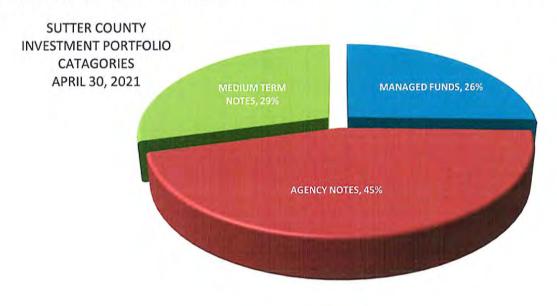

At the close of business April 30, 2021 pool participates' cash and investment balances consisted of the following:

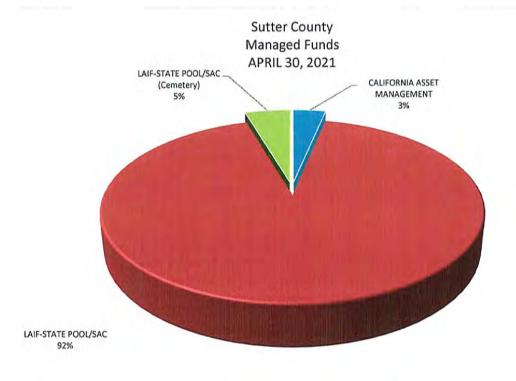

COUNTY GENERAL FUND	-0.49%
COUNTY NON-GENERAL FUNDS	54.43%
SPECIAL DISTRICTS	8.61%
SCHOOL FUNDS	37.43%

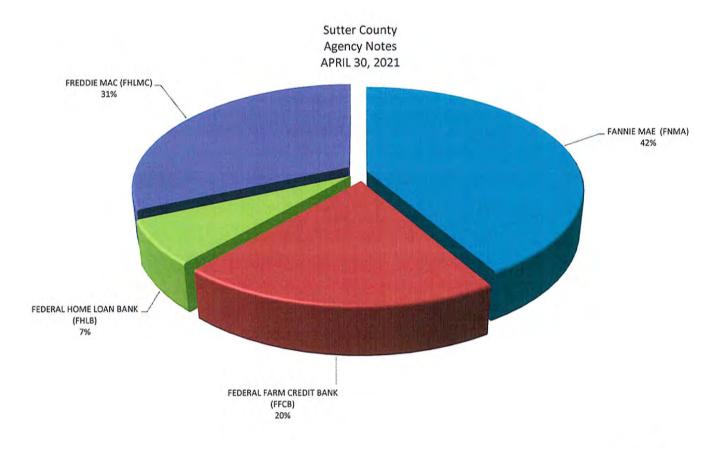

The pooled portfolio is comprised of three major classes of assets. At April 30, 2021 agency notes made up 45%, medium term notes represented 29% and funds under management within the Local Area Investment Fund (LAIF) and the California Asset Management Program (CAMP) completing the portfolio at 26%.

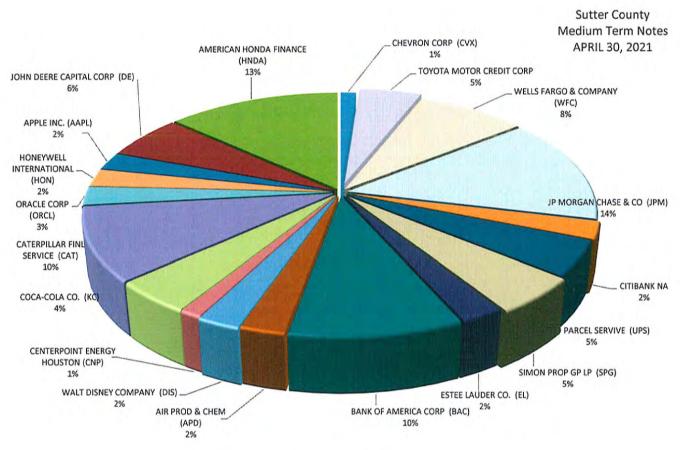

All assets are in compliance with the Sutter County Investment Policy and adhere to the requirements of California Government Code §53601-§53645 and §16429.1-§16429.3, which relate to the investing in the Local Area Investment Fund (LAIF)

Within the three major classes of assets the portfolio is further diversified, again, operating within the constraints of California Government Code and the Sutter County Investment Policy. The following charts provide a quick glance of the make-up of each category.

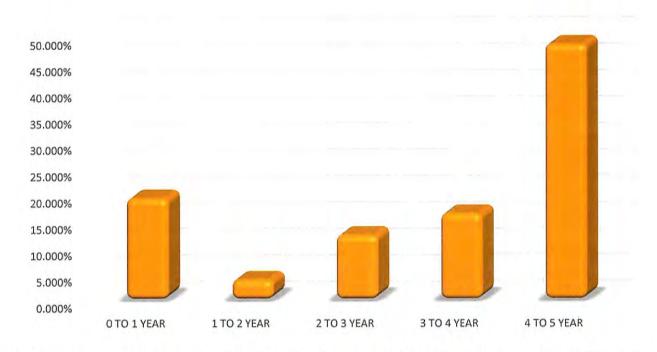

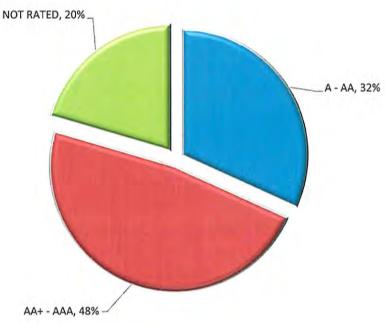

All investments conform to California Government Code §56301 with maturities of no more than five years.

Investments in the pool must have a category rating of A or better at the time of purchase, as prescribed in the Sutter County Investment Policy, with the exception of LAIF, which is authorized in GC §16429.1-§16429.3.

Premises: 939 Live Oak Blvd, Yuba City, CA 95991, Suite A (Approx. 7600 sq ft , front of building)

Date July 1, 2021

- 18. ALTERATIONS: Tenant shall not make any alterations in or about the Premises, including installation of trade fixtures and signs, without Landlord's prior written consent, which shall not be unreasonably withheld. Any alterations to the Premises shall be done according to Law and with required permits. Tenant shall give Landlord advance notice of the commencement date of any planned alteration, so that Landlord, at its option, may post a Notice of Non-Responsibility to prevent potential liens against Landlord's interest in the Premises. Landlord may also require Tenant to provide Landlord with lien releases from any contractor performing work on the Premises.
- 19. GOVERNMENT IMPOSED ALTERATIONS: Any alterations required by Law as a result of Tenant's use shall be Tenant's responsibility. Landlord shall be responsible for any other alterations required by Law.
- 20. ENTRY: Tenant shall make Premises available to Landlord or Landlord's agent for the purpose of entering to make inspections, necessary or agreed repairs, alterations, or improvements, or to supply necessary or agreed services, or to show Premises to prospective or actual purchasers, tenants, mortgagees, lenders, appraisers, or contractors. Landlord and Tenant agree that 24 hours notice (oral or written) shall be reasonable and sufficient notice. In an emergency, Landlord or Landlord's representative may enter Premises at any time without prior notice.
- 21. SIGNS: Tenant authorizes Landlord to place a FOR SALE sign on the Premises at any time, and a FOR LEASE sign on the Premises within the 90 (or with 30 day notice) day period preceding the termination of the agreement.
- 22. SUBLETTING/ASSIGNMENT: Tenant shall not sublet or encumber all or any part of Premises, or assign or transfer this agreement or any interest in it, without the prior written consent of Landlord, which shall not be unreasonably withheld. Unless such consent is obtained, any subletting, assignment, transfer, or encumbrance of the Premises, agreement, or tenancy, by voluntary act of Tenant, operation of law, or otherwise, shall be null and void, and, at the option of Landlord, terminate this agreement. Any proposed sublessee, assignee, or transferee shall submit to Landlord an application and credit information for Landlord's approval, and, if approved, sign a separate written agreement with Landlord and Tenant, Landlord's consent to any one sublease, assignment, or transfer, shall not be construed as consent to any subsequent sublease, assignment, or transfer, and does not release Tenant of Tenant's obligation under this agreement.
- 23. POSSESSION: If Landlord is unable to deliver possession of Premises on Commencement Date, such date shall be extended to the date on which possession is made available to Tenant. However, the expiration date shall remain the same as specified in paragraph 2. If Landlord is unable to deliver possession within 60 (or ________) calendar days after the agreed Commencement Date, Tenant may terminate this agreement by giving written notice to Landlord, and shall be refunded all Rent and security deposit paid.
- 24. TENANT'S OBLIGATIONS UPON VACATING PREMISES: Upon termination of agreement, Tenant shall: (i) give Landlord all copies of all keys or opening devices to Premises, including any common areas; (ii) vacate Premises and surrender it to Landlord empty of all persons and personal property; (iii) vacate all parking and storage spaces; (iv) deliver Premises to Landlord in the same condition as referenced in paragraph 11; (v) clean Premises; (vi) give written notice to Landlord of Tenant's forwarding address; and (vii)

All improvements installed by Tenant, with or without Landlord's consent, become the property of Landlord upon termination. Landlord may nevertheless require Tenant to remove any such improvement that did not exist at the time possession was made available to Tenant.

- 25. BREACH OF CONTRACT/EARLY TERMINATION: In event Tenant, prior to expiration of this agreement, breaches any obligation in this agreement, abandons the premises, or gives notice of tenant's intent to terminate this tenancy prior to its expiration, in addition to any obligations established by paragraph 24, Tenant shall also be responsible for lost rent, rental commissions, advertising expenses, and painting costs necessary to ready Premises for re-rental. Landlord may also recover from Tenant: (i) the worth, at the time of award, of the unpaid Rent that had been earned at the time of termination; (ii) the worth, at the time of award, of the amount by which the unpaid Rent that would have been earned after expiration until the time of award exceeds the amount of such rental loss the Tenant proves could have been reasonably avoided; and (iii) the worth, at the time of award, of the amount by which the unpaid Rent for the balance of the term after the time of award exceeds the amount of such rental loss that Tenant proves could be reasonably avoided. Landlord may elect to continue the tenancy in effect for so long as Landlord does not terminate Tenant's right to possession, by either written notice of termination of possession or by reletting the Premises to another who takes possession, and Landlord may enforce all Landlord's rights and remedies under this agreement, including the right to recover the Rent as it becomes due.
- 26. DAMAGE TO PREMISES: If, by no fault of Tenant, Premises are totally or partially damaged or destroyed by fire, earthquake, accident or other casualty, Landlord shall have the right to restore the Premises by repair or rebuilding. If Landlord elects to repair or rebuild, and is able to complete such restoration within 90 days from the date of damage, subject to the terms of this paragraph, this agreement shall remain in full force and effect. If Landlord is unable to restore the Premises within this time, or if Landlord elects not to restore, then either Landlord or Tenant may terminate this agreement by giving the other written notice. Rent shall be abated as of the date of damage. The abated amount shall be the current monthly Base Rent prorated on a 30-day basis. If this agreement is not terminated, and the damage is not repaired, then Rent shall be reduced based on the extent to which the damage interferes with Tenant's reasonable use of the Premises. If total or partial destruction or damage occurs as a result of an act of Tenant or Tenant's guests, (i) only Landlord shall have the right, at Landlord's sole discretion, within 30 days after such total or partial destruction or damage to treat the lease as terminated by Tenant, and (ii) Landlord shall have the right to recover damages from Tenant.
- 27. HAZARDOUS MATERIALS: Tenant shall not use, store, generate, release or dispose of any hazardous material on the Premises or the property of which the Premises are part. However, Tenant is permitted to make use of such materials that are required to be used in the normal course of Tenant's business provided that Tenant complies with all applicable Laws related to the hazardous materials. Tenant is responsible for the cost of removal and remediation, or any clean-up of any contamination caused by Tenant.
- 28. CONDEMNATION: If all or part of the Premises is condemned for public use, either party may terminate this agreement as of the date possession is given to the condemner. All condemnation proceeds, exclusive of those allocated by the condemner to Tenant's relocation costs and trade fixtures, belong to Landlord.
- 29. INSURANCE: Tenant's personal property, fixtures, equipment, inventory and vehicles are not insured by Landlord against loss or damage due to fire, theft, vandalism, rain, water, criminal or negligent acts of others, or any other cause. Tenant is to carry Tenant's own property insurance to protect Tenant from any such loss. In addition, Tenant shall carry (i) liability insurance in an amount of not less than \$2 million and (ii) property insurance in an amount sufficient to cover the replacement cost of the property if Tenant is responsible for maintenance under paragraph 17B. Tenant's insurance shall name Landlord and Landlord's agent as additional insured. Tenant, upon Landlord's request, shall provide Landlord with a certificate of insurance establishing Tenant's compliance. Landlord shall maintain liability insurance insuring Landlord, but not Tenant, in an amount of at least \$3 million property insurance in an amount sufficient to cover the replacement cost of the property unless Tenant is responsible for maintenance pursuant to paragraph 17B. Tenant is advised to carry business interruption insurance in an amount at least sufficient to cover Tenant's complete rental obligation to Landlord. Landlord is advised to obtain a policy of rental loss insurance. Both Landlord and Tenant release each other, and waive their respective rights to subrogation against each other, for loss or damage covered by insurance.

- 30. TENANCY STATEMENT (ESTOPPEL CERTIFICATE): Tenant shall execute and return a tenancy statement (estoppel certificate), delivered to Tenant by Landlord or Landlord's agent, within 3 days after its receipt. The tenancy statement shall acknowledge that this agreement is unmodified and in full force, or in full force as modified, and state the modifications. Failure to comply with this requirement: (i) shall be deemed Tenant's acknowledgment that the tenancy statement is true and correct, and may be relied upon by a prospective lender or purchaser; and (ii) may be treated by Landlord as a material breach of this agreement. Tenant shall also prepare, execute, and deliver to Landlord any financial statement (which will be held in confidence) reasonably requested by a prospective lender or buyer.
- 31. LANDLORD'S TRANSFER: Tenant agrees that the transferee of Landlord's interest shall be substituted as Landlord under this agreement. Landlord will be released of any further obligation to Tenant regarding the security deposit, only if the security deposit is returned to Tenant upon such transfer, or if the security deposit is actually transferred to the transferee. For all other obligations under this agreement, Landlord is released of any further liability to Tenant, upon Landlord's transfer.
- 32. SUBORDINATION: This agreement shall be subordinate to all existing liens and, at Landlord's option, the lien of any first deed of trust or first mortgage subsequently placed upon the real property of which the Premises are a part, and to any advances made on the security of the Premises, and to all renewals, modifications, consolidations, replacements, and extensions. However, as to the lien of any deed of trust or mortgage entered into after execution of this agreement, Tenant's right to quiet possession of the Premises shall not be disturbed if Tenant is not in default and so long as Tenant pays the Rent and observes and performs all of the provisions of this agreement, unless this agreement is otherwise terminated pursuant to its terms. If any mortgagee, trustee, or ground lessor elects to have this agreement placed in a security position prior to the lien of a mortgage, deed of trust, or ground lease, and gives written notice to Tenant, this agreement shall be deemed prior to that mortgage, deed of trust, or ground lease, or the date of recording.
- 33. TENANT REPRESENTATIONS; CREDIT: Tenant warrants that all statements in Tenant's financial documents and rental application are accurate. Tenant authorizes Landlord and Broker(s) to obtain Tenant's credit report at time of application and periodically during tenancy in connection with approval, modification, or enforcement of this agreement. Landlord may cancel this agreement: (i) before occupancy begins, upon disapproval of the credit report(s); or (ii) at any time, upon discovering that information in Tenant's application is false. A negative credit report reflecting on Tenant's record may be submitted to a credit reporting agency, if Tenant fails to pay Rent or comply with any other obligation under this agreement.
- 34. CONSTRUCTION-RELATED ACCESSIBILITY STANDARDS: Landlord states that the Premises has, or has not been inspected by a Certified Access Specialist. If so, Landlord states that the Premises has, or has not been determined to meet all applicable construction-related accessibility standards pursuant to Civil Code Section 55.53.
- 35. DISPUTE RESOLUTION:
 - A. MEDIATION: Tenant and Landlord agree to mediate any dispute or claim arising between them out of this agreement, or any resulting transaction, before resorting to arbitration or court action, subject to paragraph 35B(2) below. Paragraphs 35B(2) and (3) apply whether or not the arbitration provision is initialed. Mediation fees, if any, shall be divided equally among the parties involved. If for any dispute or claim to which this paragraph applies, any party commences an action without first attempting to resolve the matter through mediation, or refuses to mediate after a request has been made, then that party shall not be entitled to recover attorney fees, even if they would otherwise be available to that party in any such action. THIS MEDIATION PROVISION APPLIES WHETHER OR NOT THE ARBITRATION PROVISION IS INITIALED.
 - B. ARBITRATION OF DISPUTES: (1) Tenant and Landlord agree that any dispute or claim in Law or equity arising between them out of this agreement or any resulting transaction, which is not settled through mediation, shall be decided by neutral, binding arbitration, including and subject to paragraphs 35B(2) and (3) below. The arbitrator shall be a retired judge or justice, or an attorney with at least 5 years of real estate transactional law experience, unless the parties mutually agree to a different arbitrator, who shall render an award in accordance with substantive California Law. In all other respects, the arbitration shall be conducted in accordance with Part III, Title 9 of the California Code of Civil Procedure. Judgment upon the award of the arbitrator(s) may be entered in any court having jurisdiction. The parties shall have the right to discovery in accordance with Code of Civil Procedure §1283.05.
 - (2) EXCLUSIONS FROM MEDIATION AND ARBITRATION: The following matters are excluded from Mediation and Arbitration hereunder: (i) a judicial or non-judicial foreclosure or other action or proceeding to enforce a deed of trust, mortgage, or installment land sale contract as defined in Civil Code §2985; (ii) an unlawful detainer action; (iii) the filing or enforcement of a mechanic's lien; (iv) any matter that is within the jurisdiction of a probate, small claims, or bankruptcy court; and (v) an action for bodily injury or wrongful death, or for latent or patent defects to which Code of Civil Procedure §337.1 or §337.15 applies. The filing of a court action to enable the recording of a notice of pending action, for order of attachment, receivership, injunction, or other provisional remedies, shall not constitute a violation of the mediation and arbitration remedies.

(3) BROKERS: Tenant and Landlord agree to mediate and arbitrate disputes or claims involving either or both Brokers, provided either or both Brokers shall have agreed to such mediation or arbitration, prior to, or within a reasonable time after the dispute or claim is presented to Brokers. Any election by either or both Brokers to participate in mediation or arbitration shall not result in Brokers being deemed parties to the agreement.

"NOTICE: BY INITIALING IN THE SPACE BELOW YOU ARE AGREEING TO HAVE ANY DISPUTE ARISING OUT OF THE MATTERS INCLUDED IN THE 'ARBITRATION OF DISPUTES' PROVISION DECIDED BY NEUTRAL ARBITRATION AS PROVIDED BY CALIFORNIA LAW AND YOU ARE GIVING UP ANY RIGHTS YOU MIGHT POSSESS TO HAVE THE DISPUTE LITIGATED IN A COURT OR JURY TRIAL. Reports/Presentation	SUBMITTED BY:
Information	Joe Hendrix and Ron Sherrod
Public Hearing	PRESENTING TO BOARD:
Other (specify)	Joe Hendrix

BACKGROUND AND SUMMARY INFORMATION:

A Memorandum of Understanding (MOU) is required after the Board approval of the AeroSTEM Academy charter for a five-year period of time from July 1, 2021 through June 30, 2025.

This MOU is being presented to the Board for approval.

Charter School Memorandum of Understanding

Between Sutter County Board of Education,

Sutter County Superintendent of Schools/Office of Education,

And

AeroSTEM Academy

July 1, 2021

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) is made and entered into this 14th day of July, 2021 by, between and among the Sutter County Board of Education (hereinafter "County Board") Sutter County Superintendent of Schools/Office of Education (hereinafter "SCSOS"), and AeroSTEM Academy, Inc. ("Non-Profit"), a California non-profit public benefit corporation operating AeroSTEM Academy charter school ("Charter School"). Non-Profit and Charter School are hereinafter collectively referred to as "the Charter School". Hereinafter, the County Board, the SCSOS, and the Charter School shall be collectively referred to as "the Parties."

1. Purpose of Memorandum of Understanding

- 1.1. The State of California enacted the Charter Schools Act of 1992 (hereinafter "The Act") authorizing the formation of charter schools with the intent that the schools improve student learning through a variety of means, including increased learning opportunities, innovative teaching methods, performance-based accountability, and expanded choice for parents within the public school system. The Act authorizes the County Board to grant charter petitions under specified circumstances.
- 1.2. The Sutter County Superintendent of Schools operates a county office of education existing under the laws of the State of California.
- 1.3. The County Board has approved a charter petition (hereinafter "the Charter") for the operation of AeroSTEM Academy.
- 1.4. All Parties agree that no single party to this Agreement waives any of the rights, responsibilities and privileges established by the Charter Schools Act of 1992 that may change from time to time during the term of this MOU.
- 1.5. The fundamental interest of the SCSOS is, on a continuing basis, to be reasonably assured that the Charter School is: 1) implementing the provisions of the Charter as approved; 2) obeying all requirements of federal, state, and local law that apply to the Charter School; 3) operating prudently and soundly in all respects; and 4) providing a sound education for the Charter School's students.
- 1.6. The Parties recognize that there are many matters related to the operation of the Charter School and the effective oversight of the Charter School, which go beyond the provisions included in the Charter or need further clarification. SCSOS also acknowledges that the operation of the Charter School is to be solely carried out by the Charter School. This MOU is intended to address those matters that have not been covered in the Charter and to provide guidance on the oversight policies and procedures of SCSOS. Further, this MOU is intended to outline the Parties' agreements governing their respective fiscal and administrative responsibilities and their legal relationships.

2. Term of the Memorandum of Understanding

This Memorandum of Understanding (MOU), provided it is fully executed by all parties, shall cover the term of the Charter, which is five-(5) years commencing on July 1, 2021, and ending on June 30, 2026 ("Term"). This MOU will automatically expire upon the expiration or revocation of the Charter, whichever occurs first.

- 2.1. The MOU is subject to early termination only as set forth in this MOU or as otherwise permitted by law. Renewal of the Charter and this MOU shall be based, in part, on compliance with the terms set forth in this Agreement, SCSOS policy, and applicable law.
- 2.2. This MOU between and among the County Board, SCSOS, and the Charter School shall include Schedules A and B.
- 2.3. Any modification of this MOU must be made in accordance with Section 24: Amendment and Waiver

3. Operation of Charter School

- 3.1. Charter School is a public charter school that shall be operated pursuant to the Charter, applicable law, and the terms of this MOU.
- 3.2. Charter School is authorized to operate with grades 5 through 12.

The Parties acknowledge that the provisions of the Charter and this MOU are not intended to conflict. However, in the event of a conflict between the law and terms of this MOU, the law shall prevail, and any such conflicting terms shall be severed from this Agreement and nullified. To the extent that this MOU is inconsistent with any of the terms of the Charter, the terms of this MOU shall supersede the terms of the Charter, unless otherwise agreed in writing by the Parties. The Parties further agree to jointly make any modification to this MOU or the Charter needed to effectuate changes in state or federal laws following the execution of this MOU.

4. Governance and Management

- 4.1. The Charter School will operate consistent with applicable laws, including California Education Code §47604(a). The Charter School acknowledges, as is stated in its Charter, that it is a separate legal entity and neither the County Board nor the SCSOS are liable for the debts and obligations of the Charter School as per California Education Code §47604(d). Furthermore, the Charter School bears full responsibility for contributions to the State Teachers' Retirement System and the Public Employees' Retirement System on behalf of employees of the Charter School, including liability for the same. The County has no liability for such contributions and will unilaterally reduce the Charter School funds for outstanding balances as identified by official sources.
- 4.2. The Parties further recognize that consistent with the Charter, the Charter School has

- obtained and maintains status as a nonprofit, public benefit corporation as provided in California Education Code § 47604.
- 4.3. The County Board reserves the right to appoint a representative to the Charter School Board of Directors in accordance with California Education Code §47604 (c).
- 4.4. The Charter School agrees to comply at all times with laws which generally apply to public agencies and to comply with applicable federal or state laws (which may be amended from time to time), including but not limited to the following:
- California Education Code section 47604.1
- The Ralph M. Brown Act ("Brown Act") (Cal. Gov. Code, §§ 54950 et seq.);
- The California Public Records Act (Cal. Gov. Code, §§ 6250 et seq.);
- State conflict of interest laws applicable to charter schools operated by nonprofit corporations, including but not limited to the Political Reform Act/Fair Political Practices Act (Gov. Code, §§87100 et seq.);
- The Child Abuse and Neglect Reporting Act (Cal. Penal Code, §§ 11164 et seq.);
- The Individuals with Disabilities Education Rights Act ("IDEA") (20 U.S.C. §§ 1400 et seq.);
- The Americans with Disabilities Acts (42 U.S.C. §§ 12101 et seq.);
- The U.S. Civil Rights Acts, including Title VII of the 1964 Civil Rights Act:
- The California Fair Employment and Housing Act ("FEHA") (Cal. Gov. Code, §§12900 et seq.);
- The Age Discrimination in Employment Act ("ADEA") (29 U.S.C. §§ 621 et seq.);
- Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. §§ 794 et seq.);
- Education Code Sections 220 (prohibiting discrimination) et seq.;
- The Uniform Complaint Procedure (5 Cal. Code Regs., tit. 5, §§ 4600 et seq.);
- The Family Educational Rights and Privacy Act ("FERPA") (20 U.S.C. §§ 1232g et seq.);
- Local Control Funding Formula (California Assembly Bill 97, as codified); and
- All applicable state and federal laws and regulations concerning the improvement of student achievement, including but not limited to any applicable provisions of the Elementary and Secondary Education Act of 1965 (20 U.S.C. §§ 6301 et seq.) as amended by the No Child Left Behind Act of 2001("NCLB") (20 U.S.C. §§6301 et seq.)

4.5. The Charter School agrees that all of its records that relate in any way to the operation of the Charter School, including those submitted to SCSOS, shall be treated as public records subject to the requirements of the Public Records Act, as well as California Education Code §47604.3.

5. Required Documentation

- 5.1. The Charter School shall provide SCSOS with the documents deemed by SCSOS to be reasonable or necessary, including those listed and described in Schedule A, attached and incorporated herein by reference, by the dates specified therein.
- 5.2. The Charter School shall provide up-to-date versions of all Schedule A documents by August 1st of each year of the Term, or as otherwise specified in Schedule A.
- 5.3. In the event of a change in the documents specified here and in Schedule A, an updated version shall be sent within ten (10) business days of the date the change is approved by the Charter School Board of Directors:

Articles of Incorporation

Bylaws

Conflict of Interest Policy

Roster of the Charter School Board of Directors

Schedule of Board of Directors meetings

Name and contact information for Charter School leader (principal, director, or head of school, etc.)

Name and contact information for Charter School primary financial contact (CFO, COO, accountant, or back-office financial services provider, etc.)

- 5.4. The Charter School shall promptly respond to all reasonable inquiries by the SCSOS, County Board, the Superintendent of Public Instruction, their respective designees and any other authorized agency, including but not limited to financial inquiries to the Charter School, and shall consult with the County Superintendent or his/her designee regarding any inquiries as per California Education Code §§ 47604.3 and 47604.4.
- 6. Public Information: Website Posting
 - 6.1. The Charter School shall post on the Charter School's website the documents listed and described in Schedule B, attached and incorporated herein by reference, by the dates specified therein.

6.2. The Charter School will promptly update the postings whenever the information changes, in no event later than ten (10) business days after the change.

7. Governing Board Activities

- 7.1. The Board of Directors of the Charter School shall conduct public meetings at such intervals necessary to ensure that the board is providing sufficient direction to the Charter School, including through implementation of effective policies and procedures. Board meetings of the Charter School will be conducted in keeping with the requirements of the Brown Act.
- 7.2. The Charter School will ensure that all members of the Board of Directors of the Charter School, the Charter School leader, the Charter School primary financial contact, and any other Charter School staff deemed appropriate by the Charter School, have participated in training on the requirements of the Brown Act, the Political Reform Act / Fair Political Practices Act, and other conflict of interest rules applicable to charter schools. Verification of such training shall be provided as specified in Schedule A.
 - 7.2.1. All agendas shall be provided to the SCSOS electronically in advance of the board meeting when posted, and such posting shall be in conspicuous physical location/s, including all school sites and the Charter School offices, and on Charter School's website, in accordance with the Brown Act and Education Code section 47604.1.
 - 7.2.2. Approved minutes of each Board of Directors shall be provided to the SCSOS within two (2) business days of approval, as specified in Schedule A. Approved minutes shall be posted as specified in Schedule B.
 - 7.2.3. The Charter School board meeting agendas and minutes shall be maintained for public inspection at the designated office of the Charter School during normal business hours and shall be made available promptly upon request in hard copy at all locations of the Charter School.
 - 7.2.4. If the Charter School makes audio or video recordings of its meetings, the Charter School shall provide SCSOS with copies of such recordings within two (2) days of the meeting, as specified in

Schedule A.

8. Human Resources Management

- 8.1. The Charter School is deemed the exclusive employer of the employees of the Charter School for the purposes of the Educational Employee Relations Act (EERA) under Cal. Gov. Code §3540, et. seq. and will have sole responsibility for employment, management, dismissal, and discipline of its employees.
- 8.2. The Charter School shall distribute a copy of its employee handbook to each employee at the Charter School each year. At a minimum, the handbook shall include a statement that the Charter School is the exclusive employer of employees and has sole responsibility for employment, management, dismissal, and discipline of its employees. It shall also include specific expectations for employee performance and behavior, any due process rights of employees related to disciplinary actions (including termination), compensation and benefit information, and a description of both informal and formal complaint procedures that employees may pursue in the event of disagreements. Such handbook shall be provided to SCSOS and posted on the Charter School's website, as provided in Schedules A and B.
- 8.3. At all times during the Term of the Charter, the Charter School employees at the Charter School, volunteers who will be performing services with the Charter School students while not under the direct supervision of a certificated teacher, and all vendors having unsupervised contact with the Charter School students will submit to background checks and fingerprinting in accordance with California Education Code §45125.1. The Charter School will provide certification to SCSOS that all employees and volunteers/vendors (as applicable) have cleared a criminal records check through the Department of Justice ("DOJ") and the Federal Bureau of Investigation ("FBI") prior to their having any unsupervised contact with students.
- 8.4. The Charter School shall maintain on file, and have available for inspection during site visits, evidence that it has performed criminal background checks for all employees and documentation certifying that vendors have conducted required criminal background checks for their employees prior to any unsupervised contact with students.
- 8.5. As specified in Schedule A, the Charter School shall provide the SCSOS with proof that all of the Charter School's teachers hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which teachers in other public schools are required to hold, consistent

with the EERA Act. The Charter School will have documentation on file (for inspection upon request) of its teachers' credentials.

9. Required Disclosures

- 9.1. The Charter School shall immediately notify SCSOS of any pending or actual litigation and/or claim from any party or notice of potential infraction, criminal or civil action against the Charter School or any employee, agent or volunteer that may involve or affect the Charter School. In addition, the Charter School shall immediately notify SCSOS of any request for information by any governmental agency about the Charter School.
- 9.2. SCSOS shall immediately notify the Charter School of any pending or actual litigation and/or claim from any party or notice of any potential litigation and/or claim against SCSOS, the County Board, or the Charter School that may involve or affect the Charter School. In addition, the SCSOS shall immediately notify the Charter School of any request for information by any governmental entity about the Charter School.
- 9.3. If the Charter School seeks any loans or advance receipt of funds for the Charter School, it shall establish a fiscal plan for repayment in advance of receipt of such loans. The Charter School shall provide advance written notice to the County Board and the SCSOS specifying its intent to apply for a loan for the Charter School. Advance notice shall include a description of the need for the loan, its terms, and the plan for repayment, including a cash flow schedule. If a loan is received, the Charter School shall, at the time of deposit of any sums which are loans to the Charter School for the Charter School, provide SCSOS with the loan documents, minutes of the Charter School Board meetings at which such loan was approved, plan for repayment and updated cash flow schedule.

10. Insurance and Risk Management

- 10.1 The Charter School shall procure from an insurance carrier licensed to do business in the State of California or a qualified joint power authority ("JPA") registered with the California Department of Industrial Relations, and keep in full force during the term of the Charter, at least the following insurance coverage for the Charter School:
 - 10.1.1. Property Insurance against fire, vandalism, malicious mischief and such other perils as are included in "special form" coverage insuring all of Non-Profit's trade fixtures, furnishings, equipment and other personal property. The

property policy shall include "extra expense" coverage and shall be in an amount not less than 100% of the replacement value.

- 10.1.2. Commercial General Liability The Charter School shall maintain insurance levels deemed appropriate by SCSOS in consultation with the Charter School. Charter School renewal is August 1, 2021. The Charter School is currently having insurance needs evaluated and pursuing coverage based on renewal petition factors. In no case shall coverage be less than the current level of two million dollars (\$2,000,000) per occurrence and five million dollars (\$5,000,000) in total general liability insurance for bodily injury (including death), property damage and personal and advertising injury arising out of or connected to the Charter School premises and operations. The Charter School shall also maintain errors and omissions/educators legal liability, sexual abuse molestation coverage, and employment practices liability of the Charter School, its governing board, officers, agents, or employees of the Charter School with limits of not less than the amount stated above. The amount of total general liability insurance required shall increase to an amount not less than ten million dollars (\$10,000,000) per occurrence and twenty million dollars (\$20,000,000) in total general liability when the Charter School's ADA (as reported at P-Annual) exceeds 1,000. The deductible per occurrence for said insurance coverage stated herein shall not exceed twenty thousand dollars (\$20,000).
- 10.1.3. Workers' Compensation The Charter School shall maintain coverage deemed appropriate by SCSOS in consultation with the Charter School. Charter School renewal is August 1, 2021. The Charter School is currently having insurance needs evaluated and pursuing coverage based on renewal petition factors. In no case shall coverage be less than the current level of one million (\$1,000,000) per accident or disease.
- 10.1.4. Automobile Insurance The Charter School shall maintain coverage deemed appropriate by SCSOS in consultation with the Charter School. Charter School renewal is August 1, 2021. The Charter School is currently having insurance needs evaluated and pursuing coverage based on renewal petition factors. In no case shall coverage be less than the current level of one million (\$1,000,000) per accident for all owned (if

applicable), non-owned, borrowed, leased or hired automobiles.

- 10.2. In addition, the Charter School shall maintain a risk management plan, including policies and practices to address reasonably foreseeable occurrences, and will provide SCSOS with such plan and with annual certification that such policies and practices have been instituted at the Charter School, as specified in Schedule A.
- 10.3. All liability insurance policies required under this section shall be endorsed to name the County Board, and SCSOS and its employees and agents as additional insureds and that such insurance policy(ies) shall be primary and any insurance or self-insurance maintained by SCSOS, the County Board and/or its employees shall not be required to contribute with it.
- 10.4. The Charter School shall provide evidence of all applicable insurance coverage, with additional insured endorsements, to SCSOS (as specified in Schedule A) and will instruct the insurance carrier(s) to inform the SCSOS immediately if the coverage is reduced or becomes inoperative for any reason. The SCSOS may request to see evidence of insurance coverage during site visits.

11. Hold Harmless

11.1. The Charter School shall hold harmless, defend, and indemnify the County Board, SCSOS, its officers, agents and employees, from every liability, claim, or demand which may be made by reason of (1) any injury to volunteers; and (2) any injury to person or property sustained by any person, firm, or corporation caused by any intentional or negligent act or omission of the Charter School, its officers, employees or agents. In cases of such liabilities, claims, or demands, the Charter School, at its own expense and risk, shall defend with legal counsel satisfactory to SCSOS all legal proceedings which may be brought against the County Superintendent, the County Board, SCSOS and its officers and employees (who will cooperate fully with the Charter School's attorneys and insurance carriers), and shall satisfy any resulting judgments up to the required amounts that may be rendered against any of them. This indemnity and hold harmless provision shall exclude actions brought by third persons against the County Superintendent, the County Board, SCSOS or their officers and employees arising out of the gross negligence

or intentional acts, errors, or omissions of the County Superintendent, the County Board, SCSOS or their directors, employees, officers and agents.

12. Facilities

- 12.1. It is understood and agreed that the County Board and/or the SCSOS have no obligation to provide facilities to the Charter School. If the Charter School seeks facilities for the Charter School from a district which it intends to locate under Proposition 39 (Cal. Ed. Code §47614), it shall follow applicable statute and regulations regarding submission of such a request to a district. As provided in Schedule A, the Charter School shall provide a copy of each Proposition 39 request for the Charter School to SCSOS at the time of submitting its request to any school district, along with any documentation of subsequent documentation in the process as described in implementing regulations at 5 CCR §§11969.1 et seq., whether produced by the Charter School or the district.
- 12.2. The Charter School shall ensure that its facility is located in an area that is properly zoned for operation of a school and that has received a conditional use permit, and that has been cleared for student occupancy by all appropriate local authorities. All facilities must meet all applicable health and fire code requirements and zoning laws. The Charter School will furnish the SCSOS, as provided in Schedule A, with all local approvals (Cal. Ed. Code §47610(d)) including applicable fire marshal clearances, certificates of occupancy, signed building permit inspections and approved zoning variances. The Charter School cannot exempt itself from applicable local zoning or building code ordinances.
- 12.3. SCSOS may conduct a site review to determine that the facilities are clean, safe, Americans with Disabilities Act (ADA) compliant, and have the necessary local approvals to operate.
- 12.4. In the event that the Charter School seeks to purchase, sell, lease facilities, or make a facilities change such as open an additional school site or move to a new location, the Charter School will submit a request for a material revision of its Charter to the County Board for approval, pursuant to Section16 of this MOU. Approval must be obtained before any additional sites can begin operation.

13. Special Education/Section 504

The following provisions govern the provision of special education services to Charter School students.

- 13.1. It is understood that all children will have access to the Charter School and no student shall be denied admission due to disability or lack of available services.
- 13.2. The Charter School shall participate as a local educational agency in the Sutter County Special Education Local Plan Area ("SELPA") and thus shall be deemed a LEA for purposes of compliance with federal law, the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") (20 U.S.C. Section 1400 et seq.) and for eligibility for federal and state special education funds pursuant to Education Code Section 47641(a).
- 13.3. The Charter School shall comply with all Sutter County SELPA policies and requirements.
- 13.4. IDEA: The Charter School will ensure that no student is denied enrollment on the basis of special education status or disability. The Charter School is solely and independently responsible for compliance with the IDEA and state special education laws, in regard to the determination, provision and financing of special education placement and services for all students seeking to and/or enrolled at the Charter School. The Charter School shall follow the plan for "Plan for Special Education," as outlined in the Charter, albeit as its own LEA.
- 13.5. All special education funding due to the Charter School shall be apportioned through the allocation plan of the Sutter County SELPA, and shall not be forwarded to the County. The Charter School shall not be required to pay a contribution to the County for County-wide special education funding.
- 13.6. Section 504: The Charter School shall comply with Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act ("ADA"), and all Office for Civil Rights mandates for students enrolled in the Charter School. The Charter School understands that it is solely responsible for its compliance with Section 504 and the ADA, and that this is not a special education service for which special education funds may be used, even though students at the Charter School may be eligible for such services under Section 504. The Charter School recognizes its legal responsibility to

ensure that no qualified person with a disability shall, on the basis of the disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of the Charter School. The Charter School understands and agrees that any student who has a physical or mental impairment which substantially limits a major life activity is eligible under Section 504 and may require that accommodation be provided by the Charter School to ensure equal access to its programs and activities. The Charter School shall adopt legally compliant Section 504 policies, procedures and forms.

- 13.7. The Charter School agrees to fully and promptly comply with any reasonable requests for information made by the SCSOS with regard to special education services and individual students at the Charter School. The SCSOS may establish regular meetings with the Charter School special education coordinator for purposes of reviewing special education and/or Section 504 compliance. The SCSOS may also take action to monitor the Charter School to ensure that special education and/or Section 504 services are being provided as required by law and applicable SELPA policy.
- 13.8. Charter School shall develop, maintain, and implement policies and procedures to ensure that eligible students with disabilities are properly identified, assessed by qualified assessors, and IEPs or 504 Plans for the students are properly established, implemented and complied with such that a Free and Appropriate Public Education ("FAPE") in the Least Restrictive Environment ("LRE") is provided in accordance with state and federal law. Such policies shall, as specified in Schedule A, be provided to SCSOS.

14. Funding

- 14.1. The Charter School shall be direct funded in accordance with Cal. Ed. Code §§47630 et seq. Charter School is eligible for a general-purpose entitlement and supplemental funding allocated through the Local Control Funding Formula ("LCFF") under Cal. Ed. Code §§42388 et seq. In addition to LCFF funding, the Charter School may continue to receive Block Grant Funding for eligible expenses from prior years consistent with state law. It shall be the responsibility of the Charter School to apply for funding beyond the basic statutory entitlements of the base grant due to the Charter School under LCFF.
- 14.2. The Parties specifically agree that it is not the responsibility of the SCSOS to provide funding in lieu of property taxes to the Charter School for the Charter School, and the Charter School shall not request such funding from SCSOS.

- 14.3. In the event that the County Board seeks and receives a voter approved bond, parcel tax, etc., the Charter School shall have no entitlement to any portion of the funds unless otherwise negotiated in advance and agreed to in writing. The Parties shall meet sufficiently in advance of any action by the SCSOS to pursue such measures so as to advise the Charter School and to determine the positions of the Parties. The Charter School agrees that it has no entitlement to funds currently being received, if any, by the County Board and/or the SCSOS under former parcel tax or bond elections.
- 14.4. The Charter School is to operate in a financially sound fashion. It is agreed that all loans sought by the Charter School shall be authorized in writing in advance by the Charter Board and shall be the sole responsibility of the Charter School. Notification of loans shall be provided pursuant to Section 9 of this MOU. In no event shall the County Board and/or the SCSOS have any obligation for repayment of such loans.
- 14.5. The SCSOS shall not advance any funds to the Charter School. In addition, the SCSOS shall not act as or provide a line of credit to the Charter School.
- 14.6. The Parties agree that neither the SCSOS nor the County Board shall act as fiscal agent for the Charter School. It is agreed that the Charter School shall be solely responsible for all fiscal services such as payroll, purchasing, attendance reporting, and completion and submission of state budget forms. SCSOS shall process and transfer to the Charter School all payments received by the SCSOS in a timely fashion.
- 14.7. To the extent that the Charter School wishes to contract with the SCSOS for any services to the Charter School beyond those specified in this agreement, a separate written contract with the SCSOS shall be required and the costs of such services paid in full by the Charter School.
- 14.8. The Charter School will use all revenue received from state and federal sources only for educational services of the Charter School and for the benefit of the students enrolled and attending the Charter School. Sources of funding must be used in accordance with applicable state and federal statutes, and the terms or conditions, if any, of any grant or donation.

15. Oversight Monitoring

- 15.1. SCSOS reserves the right to make unannounced visits to the Charter School.
- 15.2. The Charter School shall provide SCSOS with documentation as requested for oversight purposes and will cooperate with oversight activities and requests.

15.3. The Charter School shall be charged an annual oversight fee by SCSOS for the cost of oversight, monitoring, and reporting concerning the Charter School in accordance with Cal. Ed. Code §47613, with such fees capped at 1% of the general purpose revenue received by the Charter School, as defined in Cal. Ed. Code §47632. The oversight fees shall be invoiced quarterly by SCSOS, with payment due and payable within 30 days of receipt. Oversight fees shall be used to offset consultant and administrative costs required for comprehensive oversight.

16. Material Revisions to Charter

- 16.1. Changes to the Charter deemed to be material revisions may not be made without prior approval from the County Board per Cal. Ed. Code §47607. Changes to the Charter considered to be material revisions include, but are not limited to, the following:
 - 16.1.1. Substantial changes to the educational program, mission, or vision of the Charter School, including the addition or deletion of a major program component that is a distinctive feature of the Charter School, such as STEM, language immersion, grade level grouping, arts integration, etc.
 - 16.1.2. Adding a classroom-based or non-classroom based program and/or facility not expressly authorized by the Charter.
 - 16.1.3. Addition or deletion of grades or grade levels to be served, for the program as a whole or in a given year, not expressly authorized by the Charter, or otherwise required by law.
 - 16.1.4. Changes to facilities, location of facilities, including school sites, resource centers, meeting space, or other satellite facility including the opening of a new facility. Temporary locations rented for annual student testing purposes shall be exempt from this provision.
 - 16.1.5. Changing the name of the Charter School.
 - 16.1.6. Entering into a contract to be managed or operated by any entity other than the Non-Profit (or any other corporation or entity), such as an Educational Management Organization or a Charter Management Organization other than the Charter School.
 - 16.1.7. Substantial changes to admission requirements and/or enrollment preferences identified in the Charter.

- 16.1.8. Substantial changes to the governance structure as described in the corporate bylaws, including but not limited to: changes in the authorized number of board members, method by which sitting board members are removed, method by which new board members are selected, and/or provisions that reduce the size of the quorum required for a meeting and/or majority required for action.
- 16.2. Changes to the Charter not deemed to be material revisions may be made by the Charter School following notification to SCSOS. Such notice shall be provided, in writing, at least 5 business days in advance of the Charter School board meeting at which the revision is to be approved. Disagreement as to the materiality of the proposed revision/s shall be resolved consistent with the dispute resolution provisions of this MOU.
- 17. Charter Renewal: the Charter School may seek renewal of the Charter prior to expiration of the Term of the Charter in accordance with statutory provisions and the Charter School Renewal Policy of SCSOS at the time of renewal. SCSOS shall review the charter petition as indicated in the SCSOS Charter School Renewal Policy at the time of renewal. To the extent required, the charter renewal petition shall be revised in accordance with current statutes and regulations.

18. Charter Revocation

- 18.1. The County Board shall have the right to revoke the Charter in accordance with Cal. Ed. Code §§47607, 47607.3 or other applicable statute or regulations. Prior to instituting revocation proceedings, the SCSOS may provide progressive notices that correction of a problem at the Charter School by the Charter School needs to occur with specified time lines. The minimum progression of notification of corrective action for concerns the County Board considers to involve violation(s) of Cal. Ed. Code §47607(c) is as specified in 5 CCR §11968.5.2. Additional notification may be provided, at the sole discretion of SCSOS.
- 18.2. If the County Board determines, based on report/s of SCSOS, that there is a severe and imminent threat to the health or safety of students and/or staff of the Charter School, and makes such determination in writing, per Cal. Ed. Code §47607(f-h), it may take immediate action to assure the safety and wellbeing of the students, staff, and community, consistent with 5 CCR §11968.5.3. Such immediate action, as deemed appropriate by the County Board, in its reasonable discretion, may include but is not limited to revocation of its charter in accordance with Cal. Ed. Code §§47607.

18.3. During the period prior to revocation, the Charter School shall have the opportunity to work with the SCSOS or County Board to address the concerns and develop a plan to remediate all areas to the reasonable satisfaction of the County Board.

19. Charter School Closure

- 19.1. At all times it is operational during the Charter Term, the Charter School will maintain a description of the procedures to be used in the event the Charter School closes, and provide such procedures to SCSOS as specified in Schedule A and post them as specified in Schedule B. Procedures must be compliant with requirements contained in 5 CCR §11962, and consistent with the content of the Charter. The SCSOS, in its sole discretion, may modify or remove Schedules A and/or B at any time during the term of this Agreement. SCSOS will provide the Charter School with 30 days' notice of any such changes.
- 19.2. If the Charter School is to close permanently for any reason (i.e., voluntary surrender, non- renewal, or revocation), the SCSOS on behalf of the County Board shall serve written notice on the Charter School that the closure procedures have been invoked. The Charter School will immediately identify to the SCSOS the specific individual who is responsible for coordinating the Charter School's close out activities. SCSOS will identify a staff person who will work with the Charter School to accomplish all close out activities.
- 19.3. The Charter School expressly acknowledges the right of the SCSOS, on behalf of the County Superintendent of Schools (pursuant to Cal. Ed. Code §47604.4), to gain full access and copies of all student and business records concerning the Charter School at any time after the County Board gives written notice that it is invoking the closure procedures.

20. Dispute Resolution

20.1. Neither party shall assign its rights, duties or privileges under this Agreement, nor shall either party attempt to confer any of its rights, duties or privileges under this Agreement on any third party, without the written consent of the other party. The replacement of the Charter School with any other operating body or governance structure shall be treated as a material revision of the Charter, subject to the review and approval of the County Board pursuant to applicable provisions of the Education Code.

21. Severability

21.1. If any provision or any part of this MOU is for any reason held to be invalid and or unenforceable or contrary to public policy, or statute, the remainder of this MOU shall not be affected thereby and shall remain valid and fully enforceable.

22. Venue

22.1. The Parties agree that any legal action to enforce the terms of this Agreement shall be brought in the appropriate court in Sutter County, California.

23. Non-Assignment

23.1. Neither party shall assign its right, duties or privileges under this Agreement, nor shall either party attempt to confer any of its rights, duties or privileges under this Agreement on any third party, without the written consent of the other party. The replacement of the Charter School with any other operating body or governance structure shall be treated as a material revision of the Charter, subject to the review and approval of the County Board pursuant to applicable provisions of the Education Code.

24. Amendment and Waiver

- 24.1. Any waiver, amendment, modification, or cancellation of any provisions of this MOU must be in writing and executed by duly authorized representatives of all Parties specifically indicating the intent of the Parties to modify this MOU. No such amendment or waiver shall be effective absent approval or ratification by the County Board and the governing board of the Charter School.
- 24.2. Proposed revisions to the MOU may be submitted by any of the Parties at any time, through notice duly given in accordance with Section 26.
- 24.3. The failure of either Party at any time to require performance of any provision hereof shall in no manner affect its right at a later time to enforce such provision.

25. Captions and Section Headings

25.1. The captions and section headings used in the Charter and this MOU are inserted for convenience only and should not affect the meaning or interpretation of the terms of the Charter or this MOU.

26. Notification

26.1. All notices, requests, and other communications under this MOU shall be in writing and mailed or delivered by overnight courier to the proper addresses as follows:

To the County Board at: Attn: Board President Sutter County Board of Education 970 Klamath Lane Yuba City, CA 95993

27. Entire Agreement; Counterparts

27.1. This MOU and attached schedules contain the entire agreement of the Parties with respect to the matters covered herein, and supersedes any oral or written understandings or agreements between the Parties with respect to the subject matter of this MOU. This MOU may be executed in counterparts, each of which shall constitute an original. Facsimile copies of signature pages transmitted to other Parties of this MOU shall be deemed equivalent to original signatures on counterparts.
