SCSOS TK-12 Distance Learning Webinar Series: Ed Tech Tools to Support Distance Learning

Presented by:
Jill Niederholzer, Professional Development Coordinator,
JillN@sutter.k12.ca.us - 530-822-2973

Jamboard for Grades 2-12
Tuesday, August 25th
Jamboard is a Google Suite App that can be used both asynchronously and synchronously. It has features that enable students to collaborate, draw, write, insert pictures, graph and much more! Jamboard is best suited for students grades 2 - 12, but all grade level teachers are welcome to join.

Padlet for Grades 2-12
Thursday, August 27th
Padlet is an online virtual bulletin board where students and teachers can collaborate, reflect and share links, pictures, and videos. This tool can be utilized for synchronous and asynchronous learning to monitor and clarify student thinking, to ask and answer questions, as well as provide a central location for class assignments and resources for parents. Best for 2nd -12th grade students.

Pear Deck for Grades 2-12
Thursday, September 1st
Pear Deck is a Google Slides add-on designed to turn your presentations into interactive activities for your students. These presentations can be used either asynchronously or synchronously and provide instant feedback to the teacher. There is also a feature that allows you to comment on student responses and allow the opportunity for students to re-answer or further explain. Pear Deck has features appropriate for all grade levels TK-12.

Flipgrid for Grades Tk-1
Thursday, September 3rd
TK-1 students need special consideration during this time of distance learning. Flipgrid is a free video response platform designed to help educators see and hear from every student in class and foster fun and supportive social learning. Flipgrid can be used to help teachers capture rich information about student learning and growth. This session is designed for Grades TK-1. assignments and resources for parents. Best for 2nd -12th grade students.

Google Meets Breakout Rooms for Grades TK-12
Tuesday, September 8th
If you are using Google Meets for your synchronous instruction and would like to learn how to put students into individual or small group meetings (similar to Zoom's "Breakout Rooms") there is a way! This feature would allow you to have students collaborate and/or work independently during synchronous instruction with less distraction while you are still available for live, immediate feedback. Breakout rooms could be used TK - 12 depending on the district guidelines and teacher comfort level with the technology.

**Zoom links for sessions will be sent to registered participants the day before the session.

Date:
August 25th
August 27th
September 1st
September 2nd
September 8th

Time:
3:00-4:00 pm

Audience:
TK-12 Teachers, Administrators, and TOSAs

Register By:
August 24th

To Register:
http://bit.ly/regEdTech
