CLASS SIZE

- A. In no event shall class size/caseload exceed the maximum allowed by statute.
- B. Once Special Education class enrollment reaches the suggested top guideline, the unit member and the program administrator shall meet to address possible concerns and remedies.
- C. Once independent study enrollment reaches the maximum, the unit member and the program administrator shall meet to address possible concerns and remedies.
- D. No later than May 15th, special education unit members shall meet on a scheduled day to collaborate regarding class size equalization and caseload, grade level, student behaviors, supports, education benefits, student disabilities, and environmental supports. Special Education unit members may request a meeting to be scheduled during the fall to review classroom equalization and classroom supports.
